PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following papers—

From the Collector of Madura, R.Dis. No. 237/Rev., dated 16th February 1899, forwarding with remarks, the application of the Madura Municipal Council for a loan of 3 lakhs for a drainage scheme for the town.

From the Sanitary Board, Madras, No. 229/S., dated 1st May 1899, stating that the proposals of the Sanitary Engineer regarding the drainage scheme for the central part of the town of Madura may be accepted and communicating that the Sanitary Engineer suggests the transfer at the cost of Madura Municipality of a certain upper subordinate P.W.D.

Order No. 743 M.Nis., dated 25th May 1899.

The Sanitary Engineer is requested to take up the preparation of a drainage scheme for Madura in the current year in lieu of the schemes for the water supply of Chidambaram and Calicut referred to in the programme approved in G.O. No. 227 M dated 16th February 1899.

2. The Public Works Department it appears cannot spare the services of the upper subordinate who assisted Mr. Somers Eves in drawing up the Ootacamund drainage scheme and the Sanitary Engineer must obtain a subordinate elsewhere. The Municipal Council of Madura should arrange at once to supply the requisite funds for the entertainment of the necessary establishment.

3. As regards the application for loan now submitted, the attention of the Municipal Council is drawn to the remarks of the Sanitary Engineer in para. 3 of his letter.
