6. In the case of items 4, 13, 14 and 33 of the statement A, allotments have been made in excess of the unspent balance of estimate in order to admit of the works being completed. The Superintending Engineers concerned will take the necessary steps to submit, with the least possible delay, revised estimates or completion reports, explaining fully the excess in each case.

8. The following lump sum allotments in addition to budget grants applied for by Superintending Engineers have not also been provided. The Superintending Engineers concerned will, if possible, propose reappropriations from the grants for other divisions in their circles.

With the papers read above, Suptg. Engineers and the Consulting Architect submit statements of requirements under Provincial Funds for incomplete works of 1898-99 and for new works proposed to be undertaken during the current official year.

2. A sum of Rs.1,07,972 was reserved in the budget for incomplete works of last year, but the modifications of grants subsequently sanctioned reduced the amount to Rs.72,499. Adding to this sum, Rs. 263 withdrawn from the budget grants for items 3, 10, and 12 of Appendix A to these Proceedings, the reserve will be raised to Rs.72,762, against which the demands amount to Rs, 2,36,299 as shown below:-

6. In the case of items 4, 13, 14 and 33 of the statement A, allotments have been made in excess of the unspent balance of estimate in order to admit of the works being completed. The Suptg. Engineers concerned will take the necessary steps to submit with the least possible delay, revised estimates or completion reports, explaining fully the excess in each case.

7. The demands for new works have not been complied with and are shown in Appendix B. The question of providing allotments for these works will be considered later in the year if funds become available.

8 The following lump sum allotments in addition to budget grants applied for by Suptg. Engineers have not also been provided. The Suptg. Engineers concerned will, if possible, propose reappropriations from the grants for other Divisions in their Circles.

Note

With the papers read above, Suptg. Engineers and the Consg. Architect submit statements of demands for incomplete works of 1898-99 and for new works proposed to be undertaken in the current year.

2. The total demands amount to Rs.2,36,299 against the available balance of the reserve, viz Rs.72,499 vide para 2 of the draft order.

3. The requirements on account of incomplete works alone amount to Rs.1,48,806. It is proposed to restrict the allotments to these works to Rs. 65.607 by providing no allotments for works for which there is already a budget grant and for works which can be completed in the current year with an expenditure of Rs.500 and less.

4. It is also proposed to provide an additional allotment of Rs.500 to the Public Works Stores Division under Civil Buildings, Repairs, as it is reported that the existing grant of Rs. 500 is not sufficient even to meet the payment of municipal taxes, which alone are said to amount to Rs.783.

5. After making the allotments referred to in paras 4 and 5, there will be Rs.6655 only left and this sum is required for improvements to the Presidency Magistrate's Court, Black Town, Madras, which are estimated to cost Rs.6560, and reported to be very urgent.

6. It has not been found possible to provide funds for any of the new works detailed in Appendix B to the draft Proceedings or the lump sum allotments referred to in para 8.

7. As there is no money left in reserve, it is proposed to apply to the Financial Department for an additional grant. If this Department is unable to make any additional assignment it will be necessary to curtail the budget grants for some of the works in order to meet unavoidable demands.

7. The allotments above proposed reduce the reserve to nil. It is therefore proposed to withdraw the allotments made in the Budget & in G.O. 1467 W of 7.6.99 for works for which estimates have not yet been sanctd, & credit them to the reserve, so as to have something in hand for urgent unforeseen works - this proposal is embodied in the draft order in linked file

2. I have passed this draft G.O. subject to the retention of two items. A great deal of money is always surrendered in the course of the year, the difficulty being in many cases to spend the allotment. I wish the two items retained to be provided in.

A draft G.O. resuming the grants for the works above referred to is submitted.

2. H.E. may probably want to know the stage at which each work stands either in regard to the preparation of estimates or other questions connected with the works. In this case, the papers will have to be called for from the Madras Office. If this course be approved, the draft G.O. on the Incomplete works statements and the memo to the Financial Dept. may be sent on. The issue of the draft + order making an allotment of Rs 5000 for Govt. House pictures will be delayed till the papers are sent up and the draft G.O. resuming the grants is approved by H.E. This may perhaps be done, as the C.A. has already been directed to pay the Rs 2,000 which the Military Secretary wanted.

Rs 50000 for the Groom scheme and Rs 2,00,000 on the Anamalai Roads seems doubtful.

4. In G.O. No. 579 Financial d/ 8.5.99, an additional grant of Rs 1.15.000 was provided under 43. Minor Works and Navigation. E.I. may perhaps be requested to state whether any portion of that sum can be made available for transfer to 45. Civil Works.

5. The memo to the Financial Dept may at the same time issue.

G.Os 4002 &c re - statements of demands for incomplete works

W

A draft G.O making an allotment of Rs 8000 for the renovation of pictures, Government House, Madras, was sent in circulation to H.E last morning, and intimation of this appropriation from the reserve was sent to the Madras Office yesterday.

2. The statements of demands for incomplete works have since been sent up, and the Madras Office has not apparently taken into account the allotment of Rs 8000 above referred to. The draft order on the statements of requirements for incomplete works and the draft memo to the Financial Dept therefore require slight modifications. Submitted that the allotment of Rs 6.560 proposed for additions to the Presidency Magistrate's Court, Black Town, Madras, be deferred for the present and the amount allotted for Govt House pictures be reduced from Rs 8000 to Rs 6600, the balance to be provided later on. This will leave a balance of Rs 55 only in reserve as shown below:-

(1) Balance of reserve after making the allotments proposed in the draft G.O on the incomplete works statements } Rs 72499 + Rs 263 − 66.107 = Rs 6655.

(2) Allotment for pictures, as now proposed, Rs 6600

Balance Rs 55

3. It

It will be seen that some of the demands which have not been complied with are urgent and the Financial Dept may very probably say that no additional grant can be made to the P.W.D, for, in the case of the purchase of a building for the Madrasa-I-Azam, that Dept remarked that funds were not available for the purpose, although the matter was represented to be one that could not be postponed. It is, therefore, submitted for consideration whether the following course may not be adopted :-

In G.O. 1467W dt 7.6.99, allotments for the ~~undermentioned~~ marginally noted unsanctioned works were made, because H.E. desired to take up these works. Estimates for the first five of the six works have not been sanctioned and it is not known when some of them will be received. As regards items (3) & (4), the questions are under consideration in the Revenue and Judicial Depts respectively. It is submitted that these grants may with the permission of H.E. be withdrawn wholly or in part to comply with more urgent demands. The principle of providing allotments for unsanctioned works should, it is submitted, be greatly discouraged.

Please see also items 16, 30, 44, 47, 60 & 85. Estimates for all these works have not yet been sanctioned and it is suggested for consideration whether any of these grants may be curtailed or withdrawn.

The prospect of utilising the allotment of Rs 50,000
