Repairs
Cnc
Kistna N. Divn
2. The Engr. ⁱⁿ Charge surrenders
the grants for the Church at Bezavada
and the Kistna Northern Division Office
on the ground that these works will
have to be carried out by the Kistna
Eastern Division. Attention is drawn
to G.O. No. 1579W, of 16 June 1899, in which
the grant for the former work has already
been transferred to the Consulting
Architect Division and that with
reference to the Kistna Eastern Division

A NOTES.

Reference to P. W. D. Code.
Vol. II, Chapter IV, para. 135 (h).

This form should be used by the Executive Engineer in any of the following cases:—

- When he requires a grant, or an addition to an existing grant, is required for carrying on a sanctioned major work.
- When he is unable to utilize the grant at his disposal for any work and wishes to resign it either wholly or in part.
- When he wishes to utilize the grant for one work upon some other.

2. Either of the columns for "Proposed new grant" or for "Proposed reduction," or both, may be used as required.

3. If it happens that the grant already allowed has been reduced, the entry in the column "Existing grant for the current year" would of course be the amount less such reduction.

In the case of Irrigation works, the entries in the column "Capital and service head" should show distinctly whether the proposed re-appropriation is debitable to Capital or Revenue, and the entries in the column "Works" should be so arranged as to show the amount debited to the Capital or Revenue account of which the charge is debitable, and the class of service to which the charge is debitable, thus:—

PROJECT.

(1).—HEAD WORKS—

- Land.
- Buildings.

In cases of Productive public works, the fact of their being so should be stated against the entries.

It being of the utmost importance that early intimation of proposals, or of excesses, in outlay on works should be communicated to the Government, a close watch should be maintained on the progress of the works by executive officers, and this form employed the moment the expenditure is sufficiently known.

Applications for re-appropriations which require the sanction of the Government of India should be submitted by the local Government; applications by Executive Engineers should be submitted to the Superintending Engineers of their Circles.

EXPLANATION OF NECESSITY FOR RE-APPROPRIATION.

2. Surrendered as it is presumed the works will be carried out by the Eastern Division.

The modifications proposed are necessary. Please see the office note No. 2 dated 5 June 199.

The additional grant applied for is required to meet the cost of new boring apparatus purchased from Messrs Richardson and Bradshaw for which an estimate amounting to Rs. 1000 has been sanctioned.
