ORDER.

In para 5 of G.O. 1595 W dated 27th June 1898, it was decided to abolish the Druggist's Dispensary, and to allow the P.W. Dept. in the Kistna District a Hospital Assistant with a medicine chest in accordance with paragraph 67, Chapter IV, Vol. I of the P.W. Code. The head quarters of this subordinate were placed at Bezwada, and his pay was to continue to be met from the P.W. Budget, and his duties were to proceed to any part of the Kistna District where his services may be required

for

[P. W. 42-A. / 1,000—2-3-99.]

for attendance on P.W. employés. The object of abolishing the dispensary was to reduce the Govt. outlay on dispensaries.

2. The Hospital Assistant of Dugguiala has joined Bezwada and the following questions are now raised:-

(1) Whether the Hospital Assistant is entitled to a charge allowance

(2) Whether he is entitled to house rent in lieu of free quarters

(3) Whether there is any further necessity for a hospital servant and a peon

(4) Whether the medicines, &c, in excess of those required for completing the medicine chest may be transferred to the Medical Stores, and the cost thereof reclaimed; and whether the empty bottles which cannot be conveniently despatched to Madras without extra expense may be sold by

by auction at Bezwada

(5) Whether the pay of the [illegible] Hospital Assistant may [illegible] time to be drawn in the Kistna Western Division as hitherto, as provision has already been made in the Temporary establishment statement submitted from that office

3. ~~As regards~~ Questions (1) and (2), the Govt. is pleased to sanction the grant to the Hospital Assistant of charge and house rent allowances at Rs. 10 and 5 respectively.

Question (3) The hospital servant is disallowed and the retention of the peon on Rs 6 is sanctioned

Question (4). The Supdg. Engineer is requested to place himself in communication with the Surgeon General on the subject and to effect the best arrangement possible

Question (5). This question is answered in the affirmative.

4. In his second letter read above

tion, the Suptg. Engineer reports that the Hospital Assistant has engaged a small building on a monthly rental of Rs. 6 in which his medicines, appliances and hospital furniture are stored, and ~~that~~ he dispenses medicines and prescribes for coolies and other employés at this place. The Suptg. Engr. thinks that some dispensing and store room should be maintained at Beyruada where the furniture and fittings removed from Duggiala may be stored and ~~that~~ the Hospital Assistant should be allowed ~~the~~ same establishment as at Duggiala, viz. one peon on Rs. 6 + one servant on Rs. 5. The question of allowing the Hospital Assistant a peon and a servant has been answered in paragraph 3 above. The Govt. observes ~~that~~ if the other proposal of the Suptg. Engr. is sanctioned, it will not only defeat the object with which the dispensary at Duggiala was abolished, ~~and~~ but will also ~~further~~ involve Govt. in additional expenditure. Moreover, there is already a dispensary at Beyruada and there thus seems to be no necessity for the Hospital Assistant attached to the II Circle to dispense medicines at this place. The Govt. is therefore not prepared to sanction the proposal of the Suptg. Engr. ~~that~~ a dispensing and store room be maintained at Beyruada. But the Hospital Assistant will be allowed a portable medicine box, large no. 1 referred to in para 1041 of the Civil Medical Code. The Suptg. Engineer will indent on the Medical Stores for this box.

(a)

H.E. has not signified his approval to this as he has done to other items. Orders are therefore solicited whether this draft should go again to H.E.

5. The rent of the dispensary already incurred, i.e. up to the date of the receipt of this order by the Suptg. Engineer is sanctioned.

FOR ORDERS

3 In a further letter the Supdg. Engr., II Circle, reports that the Hospital Assistant has engaged a small building on a monthly rental of Rs6 in which his medicines, appliances & hospital furniture are stored & that he dispenses medicines & prescribes for coolies & other employés at this place. The Supdg. Engr. thinks that some dispensary or store room should be maintained at Bezwada, & that the furniture & fittings removed from Duggirala should be kept here & the same establishment viz: one peon on Rs6, & one servant on Rs5, retained. The peon is to accompany the Hospital Assistant while on tour, while the servant remains back in charge of the building & its stores.

4 The above correspondence was referred to the Public Dept., & has elicited the following remarks from the

Surg

General – "the hospital assistant attached to the II Circle should be granted charge & house rent allowance at Rs 10 & Rs 5 respectively as given in the case of men detailed for famine, plague or festival duties." ~~He should also be given peon~~ It is submitted that the Surgeon General's opinion on these points may be concurred in & the Supdg. Engr. informed accordingly. ^ This disposes of questions (1) & (2) *supra*.

3. As regards the Supdg. Engr.'s proposals that a dispensing room be hired at Bezwada & the dispensary establishment retained, it is submitted that if these ~~proposal~~ requests are sanctioned the object with which the dispensary at Duggirala was abolished will be defeated. ~~So far from their~~ There will be ~~being a~~ no reduction in outlay, but these proposals will result in additional expenditure. At Duggirala the dispensary was located in a Govt. building

in which free quarters were also provided for the Hospital Assistant. At Bezwada it is proposed to give him house rent, & if a dispensing room is sanctioned a building must be hired. There is a dispensary already at Bezwada, & there seems to be no necessity for the Hospital Assistant attached to the II Circle to dispense medicines there also. Submitted that the proposals to [illegible]re a dispensing room & retain the dispensary establishment be negatived. The Surgeon General considers that the Hospital Assistant should be given a peon to help him in the discharge of his duties & "a portable medicine box large No. referred [illegible] in para 1041 of the Civil Me[illegible]l Code". The peon on Rs 6 may accordingly be retained & the Supdg. Engr., II Circle, may be instructed to indent on the Medical Stores for the medicine box referred

referred to.

6. The Surgeon General has offered no remarks on the question of the disposal of the medicines &c. of the Bezwada Dispensary in excess of those required. The Supdg. Engr. may be instructed to place himself in communication with the Surgeon General & effect the best arrangement possible.

7. The last question as to whether the pay of the Hospital Assistant may continue to be drawn in the Kistna Western Division may be answered in the affirmative.

Enclosures.

Sir,

I have the honor to invite your attention to this office No. 196 W dated 10th April 1899, and request early instructions.

2. I have the honor to report further that in this office No 196 W of 7.3.99 the Hospital Assistant was ordered to leave Dugguala and proceed with his medicines and stores &c to Bezwada and to make his own arrangements for housing himself and stores.

3. The Hospital Assistant informs me that he moved on 19th March and took a small building in Buckingham's pett (a part of Bezwada) in which his medicines, appliances and furniture (the property of Government) are stored. The cost of this is Rs 6 per month. He states that he dispenses medicines and prescribes for coolies and other employees of

Department at this building.

4. It seems obvious that some room or place for purposes of dispensing must be placed at the disposal of the Hospital Assistant and I request that in the absence of accommodation in a Government Building, the cost of rent for such a building be sanctioned.

5. If it is decided as appears most suitable that some dispensing and store room should be maintained at Bezwada, I think the furniture and fittings removed from Dagginala should be kept here and the same establishment sanctioned viz 1 peon on Rs 6 and one servant on Rs 5. Two persons will be necessary, as in the absence of the Hospital Assistant on tour, one will be required to accompany him and the other to look after the medicines, instruments and stores and at all times to clean the place etc.

I have the honor to be
