REVENUE DEPARTMENT.

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following Reference of

the Board of Revenue, Land Revenue, Forest No. 145 dated 12th May 1899:----

Read again Forest Reference No. 264 dated 22nd June 1898.

Read also Board's Proceedings Forest No. 120 R., dated 22nd February 1899 recording G.O. Revenue No. 232, dated 1 February 1899 replying to Board's Proceedings as to when final orders may be expected to issue on Board's Reference Forest Nos. 264 and 408 dated 22nd June and 27th October 1898 respectively.

Read also endorsement of the Acting Conservator of Forests, Southern Circle (S. A. Gass Esq.) dated 28th April 1899, No. 2603 forwarding with remarks letter from the Superintending Engineer, 4th Circle, dated 24th April 1899, No. 242/M.

Forest Reference No. 145 dated 12th May 1899:----

The plans and estimates for constructing a District Forest Office at Manantoddy received from the Superintending Engineer 4th Circle will be submitted to Government in continuation of ^{the} Board's Reference Forest No. 264 dated 22nd June 1898 disposed of in G.O. No. 2803 Mts. Govt. dated 2nd July 1898.

In his endorsement submitting the Superintending Engineer's letter to the Board, the Conservator, Southern Circle makes the following suggestions with reference to the plan of the building.

(1) that the room provided for bees is unnecessary and should be removed;

- (2) That the 'special large room' allotted for the draughtsman should be reduced in size so as to correspond with the room set apart for the District Forest Officer;
 - (3) That the room provided for the District Forest Officer should be the one nearest to the approach from his house;
 - (4) That the Verandah along round the building should be broadened.
- The Board accepts these suggestions and recommends their adoption.

Order No. 2210, dated 20th June 1899.

The positions and alterations thought necessary by the Conservator have been discussed and arranged with the Superintending Engineer before the submission of plans and estimates to the Government; and this course should in similar cases be adopted in future. The Conservator accepts the Conservator's suggestions except as regards the room which may stand. The necessary orders for carrying out the plans and estimates and for the execution of the work will issue in the near future.
