At Pakala would be considered with other demands for 1897-98, I am directed to state that no allotment has yet been made for the work, and to request that a sum of Rs. 5540 as shown below may be provided as early as possible—

Amount of estimate Rs. 4450
Establishment at 23% .. 1023.5
Tools & Plant at 1½% .. 66.75
Total Rs. 5540.25

2. An estimate of Rs. 8,250 for constructing a double storied building, the lower storey comprising the armoury, magazine and officeroom, and the upper containing quarters for the Sergeant Instructor, was sanctioned in 1897. The lower storey is being carried out from the grant of Rs. 3800 assigned in the letter from the Govt of India, No. 865 dated 9th March '98, but as this cannot be completed and made available for occupation until the upper storey is put in hand, the provision of an allotment for constructing this storey becomes absolutely necessary.

BACK PAP

P. W. D. Form No. 41 H.

NOTES.

Reference to P. W. D. Code.

Chapter XV, section vi, para. 199.

1. This form should be used by the Executive Engineer or the local Government in any of the following cases:—

(*a*).—When a grant, or an addition to an existing grant, is required for carrying on a sanctioned major work.

(*b*).—When a grant for a work is found to be in excess of requirements, and it is proposed to resign it, either wholly or in part.

(*c*).—When it is proposed to utilize the grant for one work upon some other.

2. Either of the columns for "Proposed new grant" or for "Proposed reduction," or both, may be used as required.

3. If it happens that the grant already allowed has been reduced, the entry in the column "Existing grant for the current year" would of course be the amount less such reduction.

4. In the case of Irrigation works, the entries in the column "Departmental and service head" should show distinctly whether the proposed re-appropriation is debitable to Capital or Revenue, and the entries in the column "Works" should be so arranged as to show the project to the Capital or Revenue account of which the charge is debitable, and the class of service to which the charge is debitable, thus:—

PROJECT.

(1).—Head works—

(*B*). Land.
(*K*). Buildings.

In cases of Productive public works, the fact of their being so should be noted against the entries.

5. It being of the utmost importance that early intimation of possible lapses, or of excesses, in outlay on works should be communicated to the Government, a close watch should be maintained on the progress of all works, and this form employed the moment the facts are sufficiently known.

6. Applications for re-appropriations which require the sanction of the Government of India should be submitted by the local Government in duplicate; applications by Executive Engineers should be submitted through the Superintending Engineers of their Circles.

EXPLANATION OF NECESSITY FOR RE-APPROPRIATION.

Funds were applied for by this office in ~~the~~ Budget for 1899-1900 ~~—~~
no allotments have been made in the preliminary return of the Imperial mily: works Budget for 1899-1900.

~~Rs~~ 3 800 in aid of volunteer corps was contributed by Govt: for the construction of the armoury magazine & office at Vizagapatam during 1898-99 (vide G.O. No. 986 of 18 April 98) As these are on the lower storey & as the Supt: Instructor's quarters are to be on the upper storey, the grant applied for is absolutely necessary.
