from the Presidency Port Officer,
Madras, to the Executive Engineer
Madura Division.

I have the honor to acknowledge
the receipt of your letter no 70-m.
dated 20: April 1899 and to inform
you that it would be well I think
for the present to defer for consider-
ation the question of constructing
the proposed two small jetties at
Pamban in view of the projected
railway from Madura to Jonitorai
and its possible extension across
the channel to Ramaswaram Island.
Should the railway go across to
Pamban there will be a heavy fall
in the anticipated revenue from
the jetties.
