NOTES.

Reference to P. W. D. Code.

Chapter I, Para. 30.

1. All proposals for changes in the scales of permanent establishments must be accompanied by a statement in Part I of this form when the changes relate to the engineer or upper subordinate establishments and in other cases by a statement in Part II of this form.

2. The column headed "present scale" should invariably show the existing sanctioned scale (not the strength of the establishment as it actually stands at the time), and should be verified by the Examiner before the statements are forwarded to the sanctioning authority.

SIR,

In forwarding herewith a proposition statement for the entertainment of a draftsman for 2 months on Rs 30 per mensem in the Godavari Western Division office, I have the honor to bring to your notice that the Deputy Commissioner, Revenue Settlement, No III party, Godavari District, has applied for maps for each of the Eastern, Western and Central Deltas showing the various irrigation and drainage channels as they now exist, together with the boundaries names and numbers of the several villages comprised in the Deltas.

2 The Executive Engineer Godavari Western Division states that the only map he has of this description is made up of

5570

of the taluq maps (scale 1" to the mile) in which have been drawn in detail all canals, channels and drains and that this map by constant reference is a good deal worn out. Consequently he recommends that this opportunity be taken for reproducing two tracings of the map, one for his office and one for the settlement officer.

3 The Executive Engineer further explains that to make one tracing would occupy a draftsman's time for a month without other work and that the present Establishment of the drawing branch of his office is only equal to current work and if the tracing is to be made at all the services of an additional draftsman for two months is necessary.

4 As I fully agree with the Executive Engineer in his views, I have the honor to request that sanction of Government be obtained for the sub-stainment of the additional draftsman now applied for.

5 As regards the maps required by the settlement officer for the other two deltas I shall ascertain from the Executive Engineers concerned whether any additional Establishment would be necessary and

and report the result in due course.

I have the honor to be

Sir,

Your most obedient servant

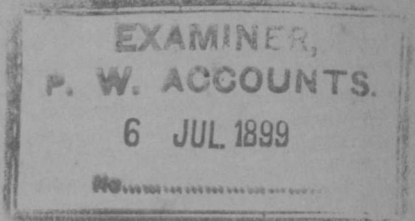

W. Morgan
