AUGUST

Collector's Office at Cuddapah

The estimate, amounting to Rs. 2,710, for the extension of the store-room and the construction of a portico for the —, sanctioned with remark.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

Read—the following papers:—

From Lieutenant-Colonel W. L. C BADDELEY, R.E., Superintending Engineer, III Circle, to the Chief Engineer, Public Works Department, dated Bellary, 3rd June 1899, No. 2097 W.

In reference to G.O., No. 1147 W. of 28th April 1899, on the statement of objectionable items, III Circle, item 9, I have the honour to submit an estimate, amounting to Rs. 2,710, for extending the store-room and building a portico for the Collector's office at Cuddapah, and request that you will be good enough to obtain the sanction of Government to the same.

2. The delay in removing the objection to this item is regretted, but it appears doubtful whether the Examiner is correct in his objection.

3. I sanctioned two estimates for two distinct works, viz., Rs. 570 for a portico and Rs. 2,140 for extending a store-room, and these works are not for the same building.

4. In the case of jails a ruling has been given in G.O., No. 435 W. of 13th February 1897, regarding the *preparation of estimates*, but I think it is advisable to reconsider the whole subject and allow Superintending Engineers to exercise their full powers of sanction, as often as may be necessary, on the different buildings that are often comprised under one head, such as a Collector's office, which may include a number of separate buildings.

5. This is a very different thing from sanctioning an estimate for an integral part of a work, the total expenditure on which, it is well known, will exceed Rs. 2,500. In this case the procedure would be highly irregular.

Office-note from the Examiner, Public Works Accounts, dated Madras, 3rd July 1899, No. 2213 B./A.

[Your office-note No. 2765 C., dated 17th June 1899.]

A "work" is defined in Public Works Department Code, Volume II, I, 99, and under this "a Collector's office" should be treated as a single work, all the buildings it comprises being treated as sub-works. This view was accepted by the Government recently in a somewhat similar case—please see G.O., No. 1701 W., dated 6th July 1898.

2. The estimate now submitted by the Superintending Engineer requires therefore the sanction of Government, as the total amount exceeds Superintending Engineer's powers (Code I, IX, 58).

Order—No. 2014 W., dated 1st August 1899.

The estimate, amounting to Rs. 2,710, for extending the store-room and building a portico for the Collector's office at Cuddapah, is sanctioned.

2. The Examiner's office-note in which the Government concurs will be communicated to the Superintending Engineer.

3. The sanction accorded in paragraph 1 of these Proceedings has been registered as Provincial No. 48 W. of 1899–1900, and classified as Civil Buildings—Original Works.

NOTE. Two estimates, one of Rs.2140 for extending a store room, and the other of Rs.570 for erecting a portico for the Collector's Office at Cuddapah were sanctioned by the --- Suptg. Engineer, III Circle. As the total of the two estimates ex

[P. W. 4 / 1,000—14-11-98.]

is perhaps approved as the storeroom might wai

2,500 which is the limit up to which uptg. Engineers can sanction estimates for new works, the Examiner requires the sanction of Government. It is therefore proposed to accord the requisite sanction.

In regard to the question -- raised by the Suptg. Engineer as to whether the sanction of Government is necessary in similar cases, the Examiner reports that such sanction is required under para 58, Chapter IX, Volume I of the Code. As the view taken by the Examiner is correct, it is proposed to approve of it.

HCL
7/7

14th

To Undersecretary.

In the P. W. draft order below, it is proposed to sanction an estimate amounting to Rs 2,710 for extending the store-room and building a portico for the Collector's office at Cuddapah. The question of changing the head-quarters of the Cuddapah district is now under consideration. It is therefore submitted that sanction to the estimate may be deferred pending decision on the question of the change of head-quarters of the district.

Bd. have stated what stage discussion has reached & when orders may be expected approxim?

B 7 29

Secy
12/7/29

Secy
The file is in circle to H.M. The Collector strongly urges transfer to somewhere-anywhere-else - He suggests Madanapalle or Chinnaliffasamudram. In view of previous adverse decisions of the Govt, the Bd says nothing. The previous decision was that the effect of a drainage scheme was to be first tried. But the only scheme proposed is estimated at 5.4 lakhs of Rupees & is still under discussion by Sany Bd. There seems no particular hurry about the present reference.

The Collector's original suggestion of a pandal is perhaps approved as the storeroom might wait.

18 7 29

To P.W.D. u.o.

W

With reference to the remarks the Revenue Department overleaf, sug- ting that sanction to the estimate ay be deferred pending decision on the uestion of the change of headquarters of the istrict it is submitted that the two works included in the estimate taken individually, being within the Superintending Engineer's power of sanction, they were sanctioned by that Officer so far back as 1896-97, and that they must, presumably, have been completed long ago. As explained in the note following the draft G.O., the sanction of Government to the estimate has been applied for, as the works in question relate to the same building and the total amount thereof exceeds Rs 2,500 which is the limit up to which Supdg Engineers can sanction estimates for original works. There is thus no object in deferring sanction to the estimate.

P.K.S.
18/7/99

W

The works if not already completed must be in an advanced stage and the estimate must be sanctioned

HLL 19/7
