From G. H. D. WALKER, Esq., Under Secretary to the Government of India, Public Works Department (General), to the Secretary to the Government of Madras, Public Works Department, dated Simla, 6th July 1899, No. 973 G.

With reference to the correspondence * quoted on the margin relating to the local allowance of Rs. 100 a month, in addition to grade pay, granted to the officers holding the appointments † noted on the margin, I am directed to state that, on the recommendation of the Government of India, the Secretary of State has sanctioned the removal of the former restriction which provided that no portion of this particular allowance should be granted which would have the effect of raising the whole sum of pay and allowances of all sorts, including presidency allowance, presidency house-rent and other local allowances, and, in the case of military officers, including their military pay and allowances, above Rs. 1,050 a month. Under these orders, therefore, an Executive Engineer of any grade, holding any of the appointments referred to, will draw the local allowance of Rs. 100 in full, in addition to any other local or other allowances permissible by rule or standing orders.

Note. In this letter the Govt. of India quote the correspondence from Madras relating to Mr. Burlton's request to be allowed the house rent of his rank irrespective of the maximum limit of Rs 1050 on account of pay & allowances, and then fix the 19th June 1899 as the date from which the local allowance, of Rs 100, may be drawn in full in addition to other local allowances permissible under the rules. The effect of this decision is to preclude Mr. Burlton from getting the house rent for which he applied while he was Under Secy.

Sir,

With reference to G. O. No. 2029 W dated 2nd August 1899, I have the honor to represent that the sanction of Rs 100 as a local allowance to Under secretaries, lately accorded by the secretary of state, irrespective of the Rs 1050 a month maximum to which pay and allowances were previously confined, would seem to have been largely due to a recommendation made by the Madras Government to meet my particular case; for, during the period

Febr: 1895

February 1895 to April 1898, spent by me as Under Secretary, P.W.D, my pecuniary position as Executive Engineer 1st Grade was identical with what it would have been if I had been in the second Grade while serving in Madras. I therefore gained nothing by my promotion while serving in Madras, and only Rs 50 at Ootacamund, although the difference of pay between the two grades is Rs 150. The order, however, which removes the anomaly of an Executive Engineer 1st Grade being on the same pecuniary footing with an Executive Engineer, 2nd Grade, is, I observe, to have effect only from 19th June 1899, and as I left the Secretariat in April 1898, I am in no way benefited by the concession now made.

I would therefore feel very grateful if you would be good enough to recommend that the grant of the Rs 100 local allowance now conceded ×in addition to the Rs 1,050 previ drawn as a maximum, may be made sufficiently retrospective to meet the circumst of my case.

× This is not correct. Mr. Burlton could only get
1000+45+100
= 1145.
