He accordingly pro=posed that the depts. concerned should carry out repairs to these buildings up to a limit of Rs1000 thus relieving P.W. officers of much petty work.

4. This proposal was referred by Memo No. 2085C dated 14th April 1899, flag P, to the depts. of the Secretariat for remarks.

5. The replies have now been received and are summarized below:—

The Public, Financial, Judicial Political, & Ecclesiastical Depts. see no objection to the Chief Engineer's proposal, subject however to the conditions that the repairs carried out by the depts. concerned do

not

not involve structura =rations, and that it still be open to heads of departments to seek the assistance of officers of the P.W.D. when repairs, though costing less than Rs1000, are of such a nature as to re=quire professional super=vision.

The Educational & Marine Depts. see no objection to the proposal.

The Revenue Dept. is for the adoption of the Chief Engineer's proposal in all ordinary cases. In particular instances, however, in which professional skill may be required, or where the de=partmental officers consider that the intervention of the P.W.D. is necessary for specific reasons, the repairs should be carried out by the agency of the P.W.D, even though the

cost

cost may not exceed 1000.

The ~~Local & Municipal~~ Dept. has no Govt. buildings under it, but it considers that the G.O. of 1879 worked well & might be put in force again. Whether a building is a type design or not makes no difference, as it will always be open to any civil officer, in any special case, to ask the Govt. to let the P.W.D. do any work that may be necessary.

× It has always been in force.

The Legislative Dept. has no remarks to offer.

6. It will thus be seen that all depts. of Govt. approve of the proposal. It is submitted that it may now be adopted with the qualifications suggested by the Public Dept., & orders issued accordingly. The ruling in G.O. No. 651 W dated

dated 2nd March 1891, flagged 2, will not be affected thereby.

Repairs to roofs ~~in all~~ ~~but the~~ when terraced or built with Mangalore tiles should in all but the most trifling cases be invariably carried out by the D.P.W. and a note to this effect may be added in the order.

There are no Government buildings under the control of this Department. It seems better however, that it should be left open to all Departments to call upon the Public Works Department to estimate for and carry out all repairs irrespective of the amount of such estimates, because it may at times be desirable in the interests of the building itself that the Public Works Department should undertake a certain repair though its estimated cost may be less than Rs 1000.

MEMORANDUM.

Dated Madras 14th April 1899.

Note by the Chief Engineer, P. W. D.

In para 10 of G.O. No 2522 W dated 7th October 1899 it was decided that from and after 31st December 1899 the execution of ordinary repairs to Civil buildings, and the construction of petty and temporary buildings of all classes, limited to Rs 1000 in each case, in all districts will be entrusted to the departments concerned.

2. Under G. Os Nos 1228 W dated 18th May 1894 and ~~1/1~~ 1994 W dated ~~12th~~ 13th August, 1894, it is open to all departments to call upon the P. W. Department to estimate for and carry out repairs to all buildings constructed on type designs irrespective of the amount of such estimates.

3. The undersigned considers that the G Os quoted in para 2 above should be cancelled. In a short time there will be a very large number of buildings constructed on type designs and there seems to be no reason why the departments concerned should not carry out repairs to them also to the limit of Rs 1000.
