PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following paper:-

From the Inspector-General of Police, Madras, No. 2784, dated 18th July 1899:-

I have the honour to request the sanction of Government for the construction by the Public Works Department of a new station House at Kampli, in the Bellary District.

2. The present station house is reported to be in a dilapidated and irreparable condition. It was formerly a Deputy Tahsildar's office, and was received from the Public Works Department, G.O.R.No. 237, Judicial, dated 7th March 1892. It was last repaired in August 1897, at a small cost. The Deputy Inspector-General on his inspection of the place in March last considered that the construction of a new station was very necessary. The Superintendent reports that a suitable site is available. The station has a strength of one Head Constable and nine constables and it is at the headquarters of the Divisional Inspector.

3. I have seen the present station-house in the early part of the current year and consider it would be more waste of money to attempt to tinker up this structure, and that a new building is absolutely necessary.

ORDER:-No.1187, dated 31st July 1899.

The Inspector-General's proposal is approved and the necessary orders for the preparation of plans and estimates

estimates will issue in the Public Works Department.

2. The Collector of Bellary will be requested to take the necessary steps for the acquisition of a site for the purpose.
