NOTE. Each of the items shown in the proposition statement appears to be -- necessary, but there is no reason why this Department should pay the watchman for the Mount Stuart Buildings which have been rented out to the Government of India for occupation by the Army -- Head Quarter Offices.

2. The clock winder on Rs.10 shown in the proposition statement is required for regulating the tower clocks in the Secretariat Offices and the Sub Judge's Court. It does not seem necessary to distribute his pay among the several offices located in the buildings, and the Examiner has no objection to admit the entire charge against the P. W. D. if approved by Government.
