335/Ver of 1899, dated 22nd June 1899.

335/Ver of 1899, dated 20th instant.

With reference to para 2 of Board's Resolution No. 158 dated 10th instant, I have the honour to state that -- the 254 miles of new road proposed cannot be efficiently -- maintained, after they have been constructed.

2. Mere collection of road metal has been provided for in the Programme, under repairs to roads and, as it is not required to be spread ~~and~~ there is no other available

3. The total figure of Rs.22,000 entered in --- column 7 under irrigation works in the Chicacole taluk does not include the allotment under item "Repairs and improvements to Garibulagedda". Through oversight this printed item may not have been struck out in the copy submitted to the Board. I request that it may ^{be} struck out now.
