PUBLIC WORKS DEPARTMENT.

General.
Account.

Read—the following papers :—

From the General Superintendent, Public Works Stores, to the Superintending Engineer, V Circle, dated Madras, 10th August 1899, No. 74 S.E.V.

I have the honour to submit the consolidated statement of expenditure on stores for the year 1898–99, with the following remarks :—

(1) The submission of the return beyond due date is due to (*a*) the return from the Superintending Engineer, I Circle, for Vizagapatam division having been received on the 1st August 1899 after a telegram was sent; (*b*) the return from the Consulting Architect division on the 31st July 1899; and (*c*) that from your office on the 2nd August 1899.

(2) The Government Orders sanctioning the local purchase of the articles were not noted by the Executive Engineer, Coimbatore division, and the Consulting Architect. The information was asked for and since furnished; but the Consulting Architect refers to G.Os., No. 3095 W., dated 6th November 1897, and No. 928 W., dated 5th April 1898, for 7 rolled steel girders, 1 lift force pump and 160 corrugated iron sheets, which do not appear in the statement submitted. They seem to have been included in the return for last year.

(3) The return from your office does not furnish any information as to the number or quantity of articles and whether they were obtained from England or purchased locally. As the description of the articles is noted in the first column, it is presumed that they were obtained from England. If so they may be omitted as the value is included in the total figure furnished by this office. If they were purchased locally, cement and rolled steel joists are to be included in the statement as noted in pencil, omitting golden spindle oil as it is one of the individual items whose value is below Rs. 1,000. The alterations made may be communicated to this office for insertion in the office copy.

The return for the Negapatam division is not yet received, although a very urgent letter calling for the statement was sent to you in this office No. 67 S.E.V., dated 3rd August 1899. On receipt the return will, if necessary, be sent to the Examiner. The consolidated return now submitted may in the meanwhile be sent to the Examiner.

(Signed) H. RAINIER,
Offg. Examiner, P.W. Accounts, Madras.

Office-note from the Examiner, Public Works Accounts, dated Madras, 22nd August 1899, No. 2800 B./A.

Forwarded to Secretary, Public Works Department, with the following remarks.

2. Part II of the statement.

(*a*) *Item* 11—Has been increased by Rs. 442, of which the English cost is noted as "not known" in the application.

(*b*) *Item* 13.—The figure against this item, viz., Rs. 1,942, has been corrected to Rs. 1,770, the difference, viz., Rs. 172, representing the value of brass sheeting sanctioned in G.O., No. 2806 W., dated 3rd November 1898, which does not belong to this class.

(*c*) *Item* 15.—Sanction of Government said to have been applied for has not been received.

(*d*) *Item* 16.—This has been inserted by this office.

(*e*) The erroneous quotation of authority in some cases has been rectified.

3. The usual memorandum showing the substance of the orders in support of the purchases accompanies.

4. The somewhat late submission of this return is due to the late receipt (on the 12th instant) of the consolidated return from the Superintending Engineer, V Circle, prescribed in G.O., No. 2530 W., dated 14th October 1895.

5. Please see also supplemental statement forwarded with my office-note No. 2801 B./A., dated 22nd August 1899.

From H. A. MOSS, Esq., General Superintendent, Public Works Stores, Madras to the Superintending Engineer, V Circle, dated 12th August 1899 No. 80 S.E.V.

In continuation of this office No. 74 S.E.V., dated 10th August 1899, I have the honour to forward herewith, for transmission to the Examiner, a supplement to the annual statement of expenditure on stores for 1898–99 showing the items to be included in the consolidated statement taken from the return for the Negapatam division, forwarded in your No. 311-R.V.S., dated 10th August 1899, the remaining items in the return being omitted as they are individual articles whose value is below Rs. 1,000. The number and date of the Government orders are to be filled in by the Examiner.

Endorsement by the Superintending Engineer, V Circle, dated 12th August 1899, No. 462 W.

Forwarded, in original, to the Chief Engineer, Public Works Department, through the Examiner, Public Works Accounts, in continuation of this office No. 461 W., dated 11th August 1899.

Office-note from the Examiner, Public Works Accounts, Madras, dated 22nd August 1899, No. 2801 B./A.

Forwarded to Secretary, Public Works Department, in continuation of this office No. 2800 B./A., dated 22nd August 1899.

2. The item of Portland cement shown in part (3) has been incorporated in the original statement. The other item in part (2) has been omitted as the individual purchase, costing below Rs. 50, need not be shown in the statement.

ORDER—No. 2305 W., dated 2nd September 1899.

The return will be forwarded to the Government of India.

2. The Examiner states that the consolidated statement, which was due in his office on the 1st August, was received by him only on the 12th idem. The General Superintendent attributes the delay to the late receipt of the returns from the Superintending Engineers, I and V Circles, and the Consulting Architect and to the incomplete

nature of the returns rendered by the Coimbatore and the Consulting Architect's divisions. The special attention of the officers of the department will again be drawn to the necessity of furnishing these returns in a complete shape and on the prescribed dates.

3. Item 15 referred in paragraph 2 (*c*) of the first of the Examiner's office-notes read above has since been sanctioned, and the necessary alterations have been carried out both in the statement and the memorandum of reasons.

P. W. D. Form No. 141
(Outer sheet).

Madras Province *

1. A return in this form should be prepared by each Province or State Railway so as to reach the Government of India in the Public Works Department not later than the 31st August of each year. It is intended merely to be a return of stores received or purchased, as the case may be, and need not necessarily be agreed with the books of the departmental account officers, but should be complete for the Province or Railway to which it relates.

2. The statement is in three parts, *viz.*—

(a). European stores obtained through the Secretary of State.

(b). European stores specially purchased in India.

(c). Articles manufactured in India, or of Indian origin substituted for stores hitherto imported through the Secretary of State.

3. In the case of stores manufactured in Europe and obtained through the Secretary of State, no details are required; the articles should be grouped under a few main headings, in the manner indicated in the first column of the form, and the total value only should be given against each heading. In the case of articles of European manufacture purchased in India, as well as in the case of articles of Indian manufacture substituted for articles previously obtained from England, details must be given of the different kind of articles included under each main heading. The purchases of European articles in the local market being restricted to special cases, the items should not be numerous, and therefore no separate major headings have been laid down for them. They should be shown under appropriate headings in the prescribed column of the statement. As regards articles manufactured in India, purchased in lieu of stores hitherto imported, it is necessary that a uniform classification under major headings should be adopted, in view to the compilation ultimately of an abstract statement; for this purpose, in preparing this statement, the classification given in the two lists (1) articles in ordinary use in the Public Works Department that are made in India and (2) articles in ordinary use in the Public Works Department that are not manufactured in India, (but which can be made in India on special orders at a higher price)—*vide* appendix O, should be followed as closely as possible.

4. All individual articles purchased or received, of which the aggregate value during the year does not exceed Rs. 1,000, should be excluded; but all individual articles of which the aggregate purchases during the year amount to Rs. 1,000 in value and upwards should be entered in lump sums for each such article, the columns provided in the return to exhibit the estimated cost if obtained through the India Office being duly filled up for such articles. The major headings should invariably be arranged in the order given in the form.

5. When the statement includes European stores which have been purchased in India under para. 3 of the rules for the supply of European stores, the reason as to the necessity for adopting this course, instead of obtaining the stores by indent from England, should be fully explained in those cases where each of the items aggregates Rs. 1,000 and upwards in value.

From

THE GENERAL SUPERINTENDENT,

PUBLIC WORKS STORES,

Madras,

To

THE Superintending Engineer,

Fifth Circle

Madras

SIR,

Enclosure. 2. I have the honor to submit the Consolidated Statement of Expenditure on Stores, for the year 1898-99 with the following remarks:

(1) The submission of the return beyond due date is due to (a) the return from the Superintending Engineer I Circle for Vizagapatam Division having been received on the 1st August 1899 after a telegram was sent; (b) the return from the Consulting Architect Division on the 31st July 1899 & (c) that from my own office on the 2nd August 1899.

(2) The Government Orders sanctioning the local purchase of the articles were not noted by the Executive Engineer Coimbatore Division and the Consulting Architect. The information was asked for and since furnished; but the Consulting Architect refers to G O Nos 3095 W 6.11.97 & 928 W 5.4.98 for 7 Rolled Steel girders, 1 Lift Force pump and 160 Corrugated iron Sheets which do not appear in the Statement

submitted

Submitted. They seem to have been included in the return for last year.

The return from your office does not furnish (3) any information as to the number or quantity of articles and whether they were obtained from England or purchased locally. As the description of the articles is noted in the first Column, it is presumed that they were obtained from England. If so they may be omitted as the value is included in the total figure furnished by this office. If they were purchased locally Cement and Roller Steel posts are to be included in the Statement as noted in pencil, omitting Golden Spindle oil cast is one of the individual items whose value is below Rs 1000/. The alterations made may be Communicated to this office for insertion in the office Copy.

The return for the Negapatam Division is not yet received although a very urgent letter Calling for the Statement was sent to you in this office No 67 SEV dated 3rd August 1898. On receipt the return will if necessary, be sent to the Examiner. The Consolidated return now submitted may in the meanwhile be sent to the Examiner

I have the honor to be
Sir
Your most obedient Servant

Statement referred to in G.O. No. 704 W. dated 13th March 1894 to accompany the annual Statement of Expenditure on stores for the year 1898-99.

What articles, if any, of iron and steel made up in India of imported Materials have been purchased during this year	What Savings, if any, have occurred to Government, in the case of such purchase as compared with the cost of similar articles of European Manufacture if obtained from England.	Whether by such purchases delay that would have occurred, if the articles had been obtained from England, was avoided, and if so, to what extent.
