READ—the following papers :—

From the Officer in charge, Chicacole Sub-division, to the Executive Engineer, Ganjám Division, dated 4th August 1899, No. 730.

I have the honour to bring to your notice that in article 23 of the Rules regulating the personal conduct of Government servants, it is stated that "All officers in the subordinate Executive and Judicial services are prohibited from lending money at interest * * to officers in their own or other departments or to land-holders with or without security, within the province in which they are employed". I wish it to be made clear whether the *province* here is to be taken as the whole province of Madras, so far as the subordinates of the Madras Government are concerned, or whether it simply means the jurisdiction (taluk or district) of the subordinate concerned. The general heading of the chapter, namely, "Pecuniary relations of Government servants with persons within their jurisdiction" favours the latter interpretation. However, as it is open to considerable doubt, I request that you will be pleased to obtain an authoritative ruling on the subject.

No. 3087.

Forwarded to Superintending Engineer, I Circle, for favour of transmission to Chief Engineer, if necessary. The word "province" is understood in this office to mean "limit of jurisdiction."
