ORDER—No. 2399 W., dated 13th September 1899.

A sum of Rs. 40,000 is withdrawn from the allotment of Rs. 1,00,000 made for Lighthouse works in G.O., No. 579, Financial, dated 8th May 1899, and the amount is re-appropriated as shown below:—

(1) Purchasing a building to accommodate the Hospital Assistant attached to the Police Hospital at Mangalore	Rs. 1,600
(2) Alterations and improvements to the Stamp and Stationery office at Madras	5,000
(3) Constructing a Stationary Sub-Magistrate's office at Atur	4,000
(4) Constructing cells at Her Majesty's Penitentiary, Madras	7,485
(5) Remodelling and terracing the roof of the Subordinate Judge's Court at Kokkarakulam, Tinnevely district	4,280
(6) Remodelling and terracing the roof of the Correspondence department of the Collector's office, Tinnevely	4,000
(7) Additions and improvements to the Deputy Tahsildar's office at Prattipadu	500
(8) Improvements to Government House, Ootacamund	817
(9) Diversion of Segur-Westbury road, Ootacamund	5,700
(10) Tools and plant, Public Works Workshops	2,500
(11) Charges connected with cement-testing operations, Lighthouse division	474
(12) Filling in the upper portion of the Ootacamund lake	1,500
(13) Constructing a corrugated iron warehouse at Mangalore	1,692
(14) Reserve with the Public Works Department	452
Total	40,000

2. No funds are now available to comply with the demand of Rs. 10,000 for the Taluk office at Kasaragod. The item will be kept in view and an allotment given later on if funds become available.

The Financial Dept. U.O.

Handwritten signature and date "1-9-98".

File no 170 of 11-9-98

*Put up.
5.12.99

Submitted for information.

This note may be filed with the original of the G.O. withdrawing Rs 40,000 from the grant for light house works.

P.K.S. 22/9/99

Handwritten signature and date "22.9.99".

And the whole of the L. House proper programme for the year is being carried out from Port Funds (Coastal) - India has no objection if the money is repaid from the L. House. Please look up India's letter.

or ask C.S.

W. Funds for L. House proper programme for the current year which includes only works in progress and light house at Arnegum have been provided for from Port Funds.

(2) Please see para 7 of India's letter flagged VIII, from which it will be seen that any fresh expenditure on new lights cannot be incurred from Port Funds.

P.K.S. 30/8/99

Where is this?

Please see VIII

W. 11.11.99

Kindly see the Chief Secretary's note stating that he cannot counter-initiate the draft order withdrawing the allotment of Rs 1,00,000 for Light house works.

2. His first reason is that the proposal to divert Port funds illegally cannot be justified. This was pointed out in my note of 26.8.99. Yesterday being a holiday, I did not attend office and thus saw your addition to the last para of the note only to-day, after the paper was returned by the Chief Secretary.

3. As regards his second reason, the urgency of the work referred to will be apparent from the S.E.'s letter reporting that the Collector has represented that there is urgent need for the building and that the latter is anxious to know when the work will be commenced.

4. In regard to the purchase of under bags, the recent decision of Government was that provision should be made for the purpose in the next year's budget.

5. The fourth ground of objection is apparently based on the Honorable members' notes flagged XXIII.

6. The Chief Secretary does not seem to realise the inconvenience arising from stopping a number of works in progress & delaying the commencement of urgent new works.

draft submitted.

The Govt of India has held that any further expenditure from Port Fund on the Light House Programme is illegal and I remember that when circulating the notes re. Light House Programme, the Chief Secretary repeated the above dictum. It is therefore respectfully submitted that the fact that we have a large reserve under Port Fund cannot be advanced for withdrawing the allotment in question. The note submitted varies slightly from your instructions.

P.K.S.

- 7) Tools and Plant. P.W. Workshops } Rs 2,500
- Charges connected with current testing operations for 1899-1900 for the Light House Division } Rs 474
- 8) Building 26 rooms in two blocks for servants in Govt House, Madras } New work. Rs 7,410

Total Rs 64,004
or Rs 64,000 in round figures.

In memo No 962 D of 22nd August 1899.

Chief Engineer and the Consulting Architect have been requested to surrender at once such of the estimates as are not likely to be utilised before close of the financial year. It is however submitted that Chief Engineer will not be able to notify surrenders before January next; and it is believed that surrenders will be few this year.

An allotment for this work was applied for in May last and was not sanctioned for want of funds. It is not, however, stated whether the work is urgent. Not very urgent, but highly desirable.

Flag J

It was told by Mr. J. D. Wilson on the 28th ult. that he had already sent a Circular to Secy, by which nothing but an endorsement of recommendation would be required. He also said, by the way, that the Secy. H.

Money must therefore be found from somewhere. The question of continuing the Light House Programme is now in abeyance pending replies from mercantile bodies as to the importance of Light dues; and as it will take some time to settle the question, it is respectfully submitted that the allotment of Rs 1,00,000 made in G.O. No 579 Financial of 8th May 1899 for Light house works may be withdrawn and the amount reappropriated to comply with the demand enumerated in para 1 above, the balance being kept in reserve with the P.W.D. to meet fresh demands that may be brought forward.

4. In January or February next, S.E. may surrender grants that cannot be spent and the ^{probable} savings under "Establishment" and "Suspense" will be known. If it be decided that the Light House Programme may be continued, it may be possible then to make the requisite funds available. In the other hand there is a large unclaimed balance under "Sundry" P.K.D. Local, amounting now to about Rs 60,000, which can be utilised at once for Light House construction if it is decided to continue the programme.

Before that, if understood. H.H.

I regret I can not counter-
initial this paper.

(1) Because I do not think
that the proposal to divert
divert from Post Funds to
the Leprosy Scheme can
be justified under the rules
& order of Govt.

(2) Because I believe that
in regard to at least one
work in this list no such
urgency as w^d justify the
course proposed exists.
I know that the work
proposed at this has
been with it is now since
Stationary but might be
introduced on the 1st Oct.
1892. ~~expedient~~
~~expedient~~

(3) Further if this right house
1,00,000 can be diverted,
as it is plain from this table
it can be, a proposal is
already before Govt. (and
which I understand has
been favourably entertained)
to utilize it for the
purposes of the Leprosy

(1) The diversion is proposed in
in the event of the L.H. programme
being proceeded with. There seems
no greater objection to spending
excluded local funds in the
programme than there is to spend
-ing the lakh of Provincial funds
already allotted, provided that
a refund is made to the Fund
utilized when help does not
imposed. and excluded local
has funds available which
cannot be otherwise utilized.

(2) For the urgency of the work,
please see S.S. IV. letter 463
of 9.8.91 in file below.

No. it can not be, if the L.H.
programme is proceeded with,
unless excluded local funds
are used instead as proposed.

The decision of Govt. is that
funds are to be provided
west per rule Reg VII.

NOTES.

Reference to P. W. D. Code,

Part II, Chapter IV, para. 185 (b).

1. This form should be used by the Executive Engineer in any of the following cases:—

- (a).—When he requires a grant, or an addition to an existing grant, for carrying on a sanctioned major work.
- (b).—When he is unable to utilize the grant at his disposal for any work, and wishes to resign it either wholly or in part.
- (c).—When he wishes to utilize the grant for one work upon some other.

2. Either of the columns for "Proposed new grant" or for "Proposed reduction," or both, may be used as required.

3. If it happens that the grant already allowed has been reduced, the entry in the column "Existing grant for current year" would of course be the amount less such reduction.

4. In the case of Irrigation works, the entries in the column "Departmental and service head" should show distinctly whether the proposed re-appropriation is debitable to Capital or Revenue, and the entries in the column "Works" should be so arranged as to show the project to the Capital or Revenue account of which the charge is debitable, and the class of service to which the charge is debitable, thus:—

PROJECT.

(1).—HEAD WORKS—

(B). Land

(K). Buildings

In cases of Productive public works, the fact of their being so should be noted against the entries.

5. It being of the utmost importance that early intimation of possible lapses, or of excesses, in outlay on works should be communicated to the Government, a close watch should be maintained on the progress of all works by Executive Officers, and this form employed the moment the facts are sufficiently known.

6. Applications for re-appropriations which require the sanction of the Government of India should be submitted by the local Government in duplicate; applications by Executive Engineers should be submitted through the Superintending Engineers of their Circles.

PROPOSED REDUCTION.

Dated the 26th July 1899.

(Signature) Signed C. J. Washer
Executive Engineer

EXPLANATION OF NECESSITY FOR RE-APPROPRIATION.

Constructing Tahik office at Kasargod.

The additional allotment of Rs 10000 now applied for is urgently required as the Budget grant of Rs 10000 has already been spent. According to the contract papers the contractor has to complete the building by the 31st March 1900. At the rate the work is now progressing it is certain that it will be completed before the stipulated date and additional grant is absolutely necessary.

Purchasing municipal hospital assistant quarters Mangalore.

As ordered in G.O. No. 1260.W. dated 11th May 1899 the collector has already been requested to take steps to purchase the building. Grant now applied for is therefore necessary.

be noted against the entries.

5. It being of the utmost importance that early intimation of pos-
sible lapses, or of excesses, in outlay on works should be communicated to
the Government, a close watch should be maintained on the progress of
all works by executive officers, and this form employed the moment the
facts are sufficiently known.

6. Applications for re-appropriations which require the sanction of
the Government of India should be submitted by the local Government
in duplicate; applications by Executive Engineers should be submitted
through the Superintending Engineers of their Circles.

EXPLANATION OF NECESSITY FOR RE-
APPROPRIATION.

This application is submitted
with reference to the concluding
para of Memorandum No. 3223 C
of 21 July 1899 from the Chief
Engineer P.W. Department.

NOTES.

Reference to P. W. D. Code.

Vol. II, Chapter IV, para. 135 (h).

This form should be used by the Executive Engineer in any of the following cases:—

- When he requires a grant, or an addition to an existing grant, is required for carrying on a sanctioned major work.
- When he is unable to utilize the grant at his disposal for any work and wishes to resign it, either wholly or in part.
- When he wishes to utilize the grant for one work upon some other.

2. Either of the columns for "Proposed new grant" or for "Proposed reduction," or both, may be used as required.

3. If it happens that the grant already allowed has been reduced, the entry in the column "Existing grant for the current year" would of course be the amount less such reduction.

4. In the case of Irrigation works, the entries in the column "Departmental and service head" should show distinctly whether the proposed re-appropriation is debitable to Capital or Revenue, and the entries in the column "Works" should be so arranged as to show the project to the Capital or Revenue account of which the charge is debitable, and the class of service to which the charge is debitable, thus:—

PROJECT.

(1).—HEAD WORKS—

(B). Land.

(K). Buildings.

In cases of Productive public works, the fact of their being so should be noted against the entries.

5. It being of the utmost importance that early intimation of possible lapses, or of excesses, in outlay on works should be communicated to the Government, a close watch should be maintained on the progress of all works by executive officers, and this form employed the moment the facts are sufficiently known.

6. Applications for re-appropriations which require the sanction of the Government of India should be submitted by the local Government in duplicate; applications by Executive Engineers should be submitted through the Superintending Engineers of their Circles.

EXPLANATION OF NECESSITY FOR RE-APPROPRIATION.

This work was not included in the incomplete works statement as a revised Estimate for putting up the shed received from Messrs. Burnt & Co. was under preparation. The revised estimate amount has not materially affected the original amount of the estimate and the amount now applied for is required. Appropiation of funds is absolutely necessary.
