No. 133/Exr.

Forwarded to the Examiner of Public Works Accounts for favour of verification and return.

(Signed) A. H. GARRETT,
Supg. Engineer, IV Circle.

6th May 1899.

From H. RAINIER, Esq., Officiating Examiner of Public Works Accounts, Madras and Coorg, to the Superintending Engineer, IV Circle, dated Madras, 20th May 1899, No. 657 A./A.

With reference to your endorsement No. 133/Exr., of 6th instant, forwarding data statement received from the Executive Engineer, Salem division, showing the calculation of rent for portion of the Divisional office building, Hasthampatti, occupied as residence for 1898–99 and 1899–1900, I have the honour to observe that the valuation of the whole building is entered as Rs. 5,929, whilst the capital cost shown in the return of buildings is Rs. 6,866 and the cost of the portion occupied as residence is shown in the valuation statement as Rs. 3,976, whilst Rs. 4,163 is entered in the data statement for 1898–99.

2. I therefore return the statements and would request that the above variations may be explained and the statements returned to this office as early as possible.

3. The actual average cost of repairs entered in column 10 cannot be checked from the books of this office, as the outlay apparently relates to a portion of the building.

4. The rent paid for the building prior to 7th September 1888, viz., Rs. 40, has been filled in by this office in column 16, with reference to G.O., No. 618 W., of 6th March 1894.

No. 137/S.L.

Forwarded to the Executive Engineer, Salem division, with reference to his letter No. 178/S.E., dated 20th April 1899, for furnishing the required explanation.

25th May 1899. (Signed) A. H. GARRETT,
Supg. Engineer, IV Circle.

From G. B. LAMBERT, Esq., Executive Engineer, Salem Division, to the Superintending Engineer, IV Circle, dated 4th August 1899, No. 403 S./E.

With reference to your No. 137/S.L., dated 25th May 1899, I have the honour to report that the capital cost (Rs. 6,866) shown in the return of buildings was made up as follows :—

	Rs.
Valuation of whole building	5,929
Cost of improvements	231
	6,160
Establishment and tools and plant at 10 per cent.	616
Cost of site	90
Total ...	6,866

2. Rs. 4,579, amount now shown as capital cost of building, has been calculated as follows :—

	Rs.
Valuation of portion occupied as residence	3,976
Cost of improvements	187
Establishment and tools and plant at 10 per cent.	416
Total ...	4,579

Rs. 44, cost of improvements for office portion, has been deducted from Rs. 231, and cost of site has been omitted as the buildiug was erected on land belonging to Government (Code Volume I, Chapter X, paragraph 28 (*a*), S.O. No. 42).

3. With reference to paragraph 3 of Examiner's letter No. 657 A./A., dated 20th May 1899, under reference, the actual average cost of repairs relates to portion of the building occupied as residence and cannot be checked from the books of the Examiner's office. I have gone over the items carefully and entered the actual expenditure incurred as far as possible.

4. As the building has been in existence prior to 7th September 1888, no percentage charges on account of establishment and tools and plant charges are admissible except on the cost of improvements made subsequent to that date [Code I, X, 28 (*b*)] and consequently two revised data statements are herewith submitted.

5. The rent paid prior to 7th September 1888 was only Rs. 30, as will be seen from this office endorsement No. 4859, dated 16th December 1889, and the entry in the statement approved in G.O., No. 618 W., dated 6th March 1894, is incorrect.

No. 220/Exr.

Forwarded to the Examiner of Public Works Accounts, with reference to his No. 657 A./A., dated 20th May 1899, for verification and *return*.

10th August 1899. (Signed) A. H. GARRETT,
Supg. Engineer, IV Circle.

Office-note from the Examiner, Public Works Accounts, Madras and Coorg, to the Superintending Engineer, IV Circle, dated 24th August 1899, No. 1034 A/A.

The two revised data statements are in order. Please obtain sanction of Government, with reference to G.O., No. 1010 W., dated 20th March 1896.

No. 496/W.

Submitted to the Chief Engineer, Public Works Department, with a request that he will be good enough to obtain the sanction of Government to the increased rents, with reference to G.O., No. 1010 W., dated 20th March 1896.

Rs 44 cost of improvements for office portion has been deducted from Rs 231, and cost of Site has been omitted as the building was erected on land belonging to Government (Code Vol I Chap X para 28(a) L.O.No. 42)

3. With reference to para 3 of Examiner's letter No. 657 A/A dated 20-5-99 under reference the actual average cost of repairs relates to portion of the building occupied as residence and cannot be checked from the books of the Examiner's office. I have gone over the items carefully and entered the actual expenditure incurred as far as possible.

4. As the building has been in existence prior to 7-9-88 no percentage charges on account of establishment and tools and plant charges are admissible except on the cost of improvements made subsequent to that date (Code I. X. 28(b)) and consequently two revised data statements are herewith submitted.

5. The rent paid prior to 7th September 1888 was only Rs 30/ as will be seen from this office Endorsement No. 4859 dy 16 12/89 and the entry in the Statement approved in G.O. No. 618 W dy 6-3-94 is incorrect.

Paper being of file No I

The Executive Engineer has overlooked the remarks in the last column of the data statement in G.O. No. 618 W dy 6.3.94
