READ—the following papers:—

From J. K. BATTEN, Esq., President, District Board, North Arcot, to the Secretary to Government, Local and Municipal Department (through the Superintending Engineer, IV Circle), dated Chittoor, 16th February 1899, Ref. on Cur. No. 190/D.B.

During the famine of 1878, certain buildings consisting of a platform with a large thatched pandal for pitching tents under, a kitchen and servants' quarters and a stable and coach-house were constructed from Famine funds at the camping tope at Baireddipalli in Palmaner taluk for the use of District officers while on tour. In August last, the District Board Engineer reported that the buildings were in ruins, the roofs having fallen in. He submitted an estimate for Rs. 400 for restoring them, as the camping ground is used by every District officer. As the buildings did not belong to Local Funds, the estimate could not be sanctioned.

2. There is at present no Local Fund inspection shed (i.e., a halting shed and tool shed) at Baireddipalli, and the District Board Engineer considers, and I agree with him, that one is necessary there. The pandal is certainly not a suitable thing to keep up at the cost of Local Funds, but if an inspection shed is built on its site, the out-houses may be maintained in connection with it. At my suggestion, therefore, the District Board has resolved (copy of resolution enclosed) to take over the existing buildings at the camping tope and to build a small inspection shed. A copy of letter of the Examiner of Public Works Accounts with copies of its enclosures stating that the buildings were constructed out of Famine funds is submitted herewith.

3. Under these circumstances, I have the honour to request that the Government will be pleased to sanction the transfer of the buildings in question to this District Board.

ENCLOSURES.

EXTRACT from the Minutes of Proceedings of the District Board, North Arcot, passed at their meeting held on 12th January 1899, at Chittoor.

Read letter from the District Board Engineer, North Arcot, Ref. on G1. No. 3281, dated the 17th August 1898, submitting, for sanction, an estimate for Rs. 400 for repairing the pandal and out-houses at Baireddipalli camping ground.

Read also letter from the Examiner of Public Works Accounts, No. 4230, dated 14th December 1898, stating that the whole outlay on the buildings at the camping tope at Baireddipalli was written off to "Civil Department Imperial Famine relief."

Read also the District Board Engineer's letter No. 4425, dated 24th November 1898, stating that a travellers' bungalow or an inspection shed is very necessary at Baireddipalli.

Read also the President's observations, dated 20th December 1898, in the matter.

Resolution No. 9.—The Board is willing to take over the existing buildings, and to build a small inspection shed.

From E. A. DENNY, Esq., Examiner of Public Works Accounts, Madras and Coorg, to the President, District Board, North Arcot, dated Madras, 14th December 1898, No. 4230 B./B.

With reference to your letter No. 1100 of 1898, dated the 21st November last, I have the honour to append two extracts from the printed finance accounts for 1878-79 which afford you all the available information in this office respecting the buildings at the camping tope at Baireddipalli, referred to.
