Copy of letter from the Director of Public Instruction, Madras, No. 9299, dated 17th August 1899:-

With reference to Govt. Nos. 222 and 380, Educational, dated 17th April and 22nd June 1899 respectively, and to the memorandum from Government received on the 13th instant without number and date, I have the honour to state that the rules of the College of Engineering have hitherto imposed no restrictions as regards the eligibility of students, to whatever place they may belong, to compete for guaranteed appointments under the Public Works Department, Madras. In other words, even students from provinces outside the Madras Presidency have been considered eligible for the guaranteed appointments; provided that they otherwise satisfied the conditions of award. I very much doubt, however, whether students of other provinces have ever won such appointments. As it is desirable that guaranteed appointments in Madras should be restricted to students of Asiatic descent belonging to this Presidency and the neighbouring Native states, I beg to suggest that the following note be added to Article XVII of the Rules of the College of Engineering:-

"The guaranteed appointments reserved

to

to above are reserved for students (of Asiatic descent) belonging to the Madras Presidency and the Native States of Travancore, Cochin, Pudukottai and Mysore."

2. As regards the delay that has ensued in submitting this reply, I beg to state that I had intended to deal with the two Gos. referred to above together, on receipt of a report called for from the Principal, College of Engineering on the subject; which report, however, was not received in my office till the 16th instant owing to the endorsement of this office calling for the above report having been mislaid by the acting Principal while he was busy in the survey camp at Pallavaram. I very much regret the delay that has occurred in consequence.
