Sir,

Adverting to paragraph 4 of letter from the Government of India, No. 570 G., dated 26th April 1899, I am directed to state that Conductor C. Smith actually commenced work at Point Divi lighthouse in September 1897, but that his head-quarters were changed from Madras for that station only in January 1898. During the period intervening, he did not draw the sanctioned local allowance, but received the travelling allowance and the house-rent and Presidency allowance admissibe under the rules.

2. As regards the local allowance granted to Conductor Cope, adverted to in the same paragraph, I am to explain that he joined the lighthouse work at Mangalore on 15th May 1898 and that the local allowance drawn by him prior to this date was retrenched under orders of this Government issued early in March 1899.

I have the honour to be,
Sir,

READ—the following papers:—

From G. H. D. WALKER, Esq., Under Secretary to the Government of India, Public Works Department (General), to the Secretary to the Government of Madras, Public Works Department, dated Simla, 26th April 1899, No. 570 G.

I am directed to acknowledge the receipt of your letter No. 587 W., dated 24th February 1899, in which, for reasons given, it is requested that the local allowance sanctioned in Public Works Department letter No. 2581 G., dated 19th August 1898, for the Upper Subordinates of the Lighthouse Division may have effect from the date each subordinate actually commenced work.

2. In reply, I am to state that the date for the commencement of a local allowance is ordinarily regulated by Public Works Department Resolution No. 398 G., dated 7th February 1895. Under the provisions of that resolution the Presidency and house-rent allowances drawn by the subordinates would cease on their leaving Madras and the local allowance would commence on their taking up the new duties in the new locality.

3. Under the circumstances and in supersession of previous orders * the Government of India are pleased to decide that the date of commencing work in the new locality of the Lighthouse Division shall be fixed as the date from which the allowance sanctioned in their letter of the 19th August last is to be drawn in each case.

* Public Works Department No. 2916 G., dated 2nd November 1898.

4. I am also to state that it is not understood how Conductor C. Smith would have commenced work in the Lighthouse Division in September 1897 when, as stated in letter noted on the margin, he left Madras on, and drew Presidency allowance up to, the 10th January 1898. I am to request that this may be explained. I am also to point out that Conductor E. Cope cannot, under the ruling contained in the resolution of 7th February 1895 quoted above, commence to draw the local allowance until he actually joined the work, and took up his duties, in the Lighthouse Division, which is said to have been subsequent to the 1st April 1898.

2. In his letter ve, the Superintendent of Works, Lighthouse Division, requests sanction to the grant of any allowance Conductor Smith may be considered entitled to, for the period, when, owing to his continuous absence from Madras from September to December 1897, he was deprived of Presidency allowance. The Government recognizes the value of the testimony borne by Mr. Ashpitel to the good work of Conductor Smith, but regrets that no allowance is admissible beyond what he has already drawn as house-rent and as daily allowance during the period in question.

Local allowance to the Upper Subordinates of the Lighthouse Division

Read—the following paper:—

From F. W. ASHPITEL, Esq., Superintendent of Works, Lighthouse Division, Madras, to the Secretary to Government, Public Works Department, dated Egmore, 7th January 1899, No. 2003.

With reference to G.O., No. 2991 W., dated 23rd November 1898, I have the honour to point out that Messrs. Smith and Plummer commenced work at False Point Divi and Manapaud in September 1897 and January 1898, respectively, while the deputation allowance is sanctioned only from the 1st April 1898.

2. In G.O., No. 130 W., dated 18th January 1898, it is stated that the proposal that upper subordinates employed on lighthouse construction should be granted a deputation allowance of one-fifth of their pay was accepted in G.O., No. 2156 W., dated 27th July 1896, and it was presumably intended that the sanction should take effect from the date the subordinates actually commenced work as otherwise some future date would have been specified.

3. Under the circumstances, I request that you will be good enough to address Government with a view to the allowance being sanctioned from the date each subordinate actually commenced work, as under the sanction now given Messrs. Smith and Plummer, who have done excellent work, are practically fined or at all events are not being given allowances which they believe Government to have distinctly promised to them.

4. I may mention that under the present ruling Conductor Cope will be drawing the allowance at a time when in my opinion he was not entitled to it.

Order—No. 586 W., dated 24th February 1899.

The Government of India will be addressed.
