LETTER—from

W. B. DEWINTON, Esq.,
*Secretary to the Government of Madras,
Public Works Department,*

To

THE DIRECTOR-GENERAL OF STORES,
INDIA OFFICE, LONDON.

SIR,

I am directed to forward, for favour of very early compliance, a special indent, in duplicate, for certain articles required for the Upper Coleroon anicut and the Public Works Stores division.

2. The requisite certificate by the Examiner, Public Works Accounts, in regard to the provision of funds has been endorsed on the original indent.

I have the honour to be,

Sir,

Your most obedient servant,

(Signed) W. B. DEWINTON,
Secretary to Government.OOTACAMUND,

Indent

Ordered that a special — for certain stores required for the Upper Coleroon anicut and the Public Works Stores division, be forwarded to the Director-General of Stores for compliance.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following papers:—

From the General Superintendent, Public Works Stores, to the Chief Engineer, Public Works Department, dated Madras, 18th August 1899, No. 2 C.E.

I have the honour to submit, herewith, a special indent No. 8, dated 18th August 1899, in triplicate, for articles required for remodelling Upper Coleroon anicut. The Executive Engineer, Tanjore division, requires the articles by the beginning of January 1900, so as to enable him to start the work in the early part of the working season. The Director-General of Stores may therefore be requested to arrange to despatch the articles so as to reach Madras before the 1st December 1899.

Office-note from the Examiner, Public Works Accounts, dated Madras, 31st August 1899, No. 2874 B./B.

[Your office-note, No. 3615 C., dated 29th August 1899.]

The indent shows that the articles required are for both the Upper Coleroon anicut and for the Public Works Stores division, the cost of the former amounting in Indian currency to Rs. 1,808 (inclusive of 3 per cent. charge for insurance and departmental supervision) and that of the latter to Rs. 324; and if, as according to the heading of the indent, the cost of the English stores required for the Upper Coleroon anicut is chargeable to "tools and plant," I would point out that the provision in the budget under this head for the Cauvery delta system under "49. Capital expenditure on Public Works not charged against Revenue" amounts to Rs. 888 only and is therefore insufficient to meet the charge.

2. In respect of the English stores required for the Public Works Stores division, I beg to invite a reference to my office-note No. 2821 B./B. of the 24th instant, from which you will see that the indents already submitted by the General Superintendent, Public Works Stores and Workshops, for 1899-1900 for "London supplies" exceed the budget provision.

3. Under these circumstances, I must ask you to state that additional funds under both the funds heads above referred to will be provided later on in the year, to enable me to grant the required certificate.

From the Chief Engineer for Irrigation, dated 6th September 1899, No. —.

Office-note from the Examiner, Public Works Accounts, dated Madras, 12th September 1899, No. 2995 B./B.

[Your office-note No. 3749 C., dated 9th September 1899.]

As desired by you, the indent is herewith returned with the usual certificate as regards funds, on the assumption that, in the absence of a reply to paragraph 2 of my office-note, No. 2874 B./B. of the 31st ultimo, funds to meet the value of the tools and plant required for Public Works Stores division will be provided later on in the year as stated in your office-note No. 3741 C., dated 9th September 1899, respecting the annual Home indent.

ORDER—No. 2520 W., dated 26th September 1899.

Ordered that the indent be forwarded to the Director-General of Stores for compliance.

2. The assumption in the second of the office-notes from the Examiner of Public Works Accounts read above is correct.

[Here enter No. 2521 W., dated 26th September 1899.]

B *CMR*

Reference to P. W. D. Code.

Vol. I., Chapter X, paras. 83 to 86 and Appendix O.

1. All articles required for the public service, which cannot be manufactured in India, are, as an almost invariable rule, to be obtained by indenting on the Secretary of State. The Store Department at the India Office constitutes a special agency, which is maintained for the express purpose of purchasing stores in England on account of the Government of India, and, save in the special cases mentioned below, stores of European manufacture must not be bought in India, or obtained direct from Europe independently of the India Office.

2. The special cases in which, with the previous sanction of the Government of India or of the Local Government, as the case may be, stores of European manufacture may be obtained in India, are:—

- (a) When for any special reason it may be more economical to do so ;
- (b) When stores indented for from England have not arrived, and inconvenience to the public service is anticipated from the delay in the supply ;
- (c) When the stores are perishable.

3. Indents for public works stores, other than railway stores, so long as they are within the grant assigned for the purpose, should be sent direct by the Secretaries in the Public Works Department of the several Local Governments and Administrations to the India Office; three copies of printed and two of manuscript indents should be sent, and a copy be submitted to the Government of India.

Note.—Copies of indents chargeable to Provincial and Local Funds are not required to be sent to the Government of India.

4. This form of indent should invariably be adhered to, other modes of application being entirely discarded, and requisitions in the body of letters, which may be overlooked or misunderstood, being specially avoided.

5. The columns (which sufficiently explain their own meaning) must be filled up without alteration, and others are not to be substituted, any remarks that may be considered necessary being confined to the column for that purpose, which should contain every explanation that may guide in the supply and pattern of the articles required.

6. Where an established proportion for general stores has not yet been fixed, it should consist of three years' ordinary expenditure: the quantities in store at the date of requisition being added to the quantities due upon former indents, the difference between the aggregate of these two columns and the established proportion is the proper quantity to be asked for. This procedure if duly attended to, will always keep up an ample supply for general service; if, however, in exceptional circumstances, it is found desirable to exceed the established proportion, the reason for so doing must be inserted in the column of remarks. The calculation of the established proportion on the basis of three years' ordinary expenditure is not applicable in the case of railways.

7. The columns printed in red ink are to be left blank for completion in England.

8. In the column of remarks, the port to which stores are to be consigned should be stated, and also the names of the last two or three vessels whose consignments have been included in the quantity in store as shown in column 6.

9. Each indent must be accompanied by a certificate of the necessity for the stores indented for, and that they cannot be advantageously procured of local manufacture or from surplus stores of other departments, railways or administrations.

10. In the case of stores for imperial purposes (including all state railways) in a year not yet begun, the sanction of the Government of India must be obtained to the proposed allotment before the Examiner can give his certificate ; but for stores for provincial services (except provincial state railways) the sanction of the Local Government or Administration will suffice for the Examiner.

11. When it is expected that the outlay will be provided partly in one year and partly in another, the following addition should be made to the Examiner's certificate—"and that the balance of the estimated outlay in England, or £ (——) will be provided by the Government of India in the estimates of the year 189 -9 . Vide Government of India letter No. dated "

12. In preparing indents attention should be paid to the rules on the subject in appendix O. (P. W. Code, vol. I.)
