Sir,

In reply to your letter No. 718 C. W. N dated 15th July 1899, I am directed to state that none of the documents referred to can be dispensed with, nor can the number of copies now sent be reduced.

[P. W. 4. 1,000—18-7-99.]

2. The Chairman, Harbour Trust Board, reports that the bills of lading are necessary, if the tonnage accounts are required to check freight especially if payable in part or whole here; and that the packing accounts are invoices to check the goods.

3. The packing accounts sent to the Chief Engineer & Secy. to Govt., P.W.D., relate entirely to books & publications. One copy of the packing account is signed and returned to the Supdt. of Stationery, Bombay, for transmission to the Director General of Stores, while the other is retained for record. As regards packing account sent by the Director General of Stores to the Genl. Supdt. of Presidency P.W. Stores, the first copy which is sent in advance is required to enable the Genl. Supdt. to see that stores are coming out, & also to check the articles on arrival. This copy is recorded for future reference. The second copy, which is received by a later mail, is signed and returned to the Director General of Stores as evidence of safe delivery. The number of copies of packing accounts cannot therefore in the interests of the public service be reduced.

Copy of letter from H. A. Moss Esquire, General Supt Public Works Stores, to the Supg. Engineer, 5th Cir. No 108 S.B.S. dated 6th September 1899:—

In reply to your No 349 P.W.D. dated 30 August 1899, I have the honour to inform you that of the 2 packing accounts received from the Director General of Stores the 1st one sent in advance is required to enable us to see what is coming out and also to check the articles received on arrival and to record in this office, so that any question that arises afterwards may be easily and quickly disposed of. The 2nd copy comes afterwards, after the articles, and if the articles have been received correctly it is signed and countersigned and returned to the Director General of Stores as evidence of the safe delivery. I have therefore the honour to report, that as explained in the above remarks the number of packing accounts received here, viz 2, cannot in the interests of the Public Service be reduced.
