Sanctioning certain modifications of grants under 45. Provincial, I and II Circles.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following papers:—

From the Superintending Engineer, I Circle, dated 8th September 1899, No. 1123 V.Z.
" " " " " 15th " " " 936 G.L.
" " " " " 16th " " " 440 W.

ORDER—No. 2694 W., dated 11th October 1899.

The undermentioned grants surrendered by the Superintending Engineers, I and II Circles, are withdrawn:—

	RS.
(a) Constructing an iron girder bridge at Mahasinghi	5,000
(b) Deputy Tahsildar's Office at Macherla	2,000
(c) Third-class Police Station house at Karempudi	1,036
(d) Do. do. at Phirangipuram	20
(e) Provincial tools and plant, Kistna Eastern division	4,000
Total	12,056

2. A sum of Rs. 40,000 is withdrawn from the existing grant of Rs. 60,000 for lighthouse works under Provincial Civil Works.

3. The following allotments are made:—

	RS.
(1) Communications, Minor Works, Ganjam division	1,023
(2) Communications, Repairs, Ganjam division	1,500
(3) Constructing a court-house for the District Munsif at Chódavaram.	4,000
(4) Civil Buildings, Repairs, Vizagapatam division	3,600
(5) Communications, Repairs, Vizagapatam division	6,000
(6) Civil Buildings, Repairs, Gódávári Eastern division	8,000
(7) Police Buildings at Masulipatam	8,000
(8) Civil Buildings, Minor Works, Kistna Eastern division	1,100
(9) Civil Buildings, Repairs, Kistna Eastern division	6,000
(10) Miscellaneous Public Improvements, Repairs, Kistna Eastern division	400
(11) Constructing a sea custom house at Tanur	2,080
(12) Constructing a first-class Taluk office at Kasaragol	5,000
Total	46,703

The revised estimate for item 7 should be submitted with the least possible delay. The requirements under items 6, 7, 9 and 12 have not been fully complied with for want of funds.

4. The additional allotment of Rs. 2,750 required for the Ganjam division under Civil Buildings, Minor Works, has already been provided in G.O., No. ²⁵⁴⁰A W., dated 28th September 1899.

5. The Superintending Engineer, I Circle, applies for a grant of Rs. 2,250 for the work of constructing a quarantine block in the District Jail, Berhampur. No funds are available to meet the demand.

Note for His Excellency the Governor

The draft G.O. is based on the instructions of His Excellency and Honorable members in the notes below.

2. A grant of Rs 4,000 has been proposed for the District Municipality Court house at Behodavaram.

3. The estimate for repairs and repairs to the Holy Trinity Church, Bellary, is under reference to the Examiners, P.W. Accounts. On receipt of a reply from that Office, an allotment for the work may be made.

4. The net result of the modifications of grants proposed in the Draft G.O. plus the existing balance of reserve is to leave a reserve of Rs 8,649. Of this sum, Rs 4,370 are required for repairs to the church at Bellary. There will thus be a balance of

Rs 4 279 in reserve to meet any urgent demands
 at may be brought forward - I should
 like to about Rs 2000 of it to
 S. Thomas cemetery at Ottacamund

(A) Papers at Madras

The proposed allotment for (1) and (2)
 may be made. H.S.H.

B Flag E

What is the immediate allotment which
 can be made with utility?
 H.S.H.

With their letters read above
 the Suptg Engineer, I and II circles, submit
 statements of modifications of grants required,
 involving an excess of Rs 34,267, with full
 explanation of the necessity for the amounts
 applied for. Besides these, the following urgent
 demands have also been received :-

- (1) Impts and Repairs to the Holy Trinity church, Bellary - Rs 4,370-
 { The roof of the nave of the church is reported to be in a dangerous condition
- (2) Erect a sea custom house at Tanjore - Rs 2,080-
 { The work has been reported by the collector to be urgent

In his letter no 1123 V.2 dated 8th September 1897, the Suptg Engineer, I circle, has reported that the construction of a court house for the district muni at Chokkavaram is in abeyance for want of funds and has applied for sanction to the entertainment of a watchman to look after the materials collected. An allotment of fund for this work is desirable.

2. The sum of Rs 40,000 recently withdrawn from the grant of Rs 1,00,000 for Light house works has already

0.2.5530
 70/10/22/10

...been reappropriated to comply with the require-
 mts of works in progress and urgent new works.
 In Memo No 9628 dated 22nd August 1899, Suptg
 Engrs and the Consulting Architect were requested
 to surrender such of the allotments as are not likely
 to be utilized before the close of the official year. The
 Suptg Engrs II and IV circles and the Consulting
 Architect proposed surrenders for Rs 10,000. The modifi-
 cations of grants since sanctioned have brought
 down the reserve to Rs 6,246.

It is therefore submitted that a further
 sum of Rs 40,000 may be withdrawn from the existing
 grant for Light-house works and that the demands
 detailed in para 1 above may be complied with.

Final 40.000 206

St. H. ...

NOTE.

Attention is invited to the
 note of the decision in Council on 1st
 September 1899 flagged XVII. It will
 be remembered that that decision was
 come to on the ground that the state
 of the season was such that the sums
 in question could not be safely allot-
 ted them. I am not aware how the pros-
 pects of the season now stand. But
 assuming that there is no danger of
 distress it remains to be determined
 whether Govt. consider that the works
 on which it is proposed in this draft
 G.O. to spend ^{40,000 Rs.} ~~the sum~~ are so de-
 sirable and pressing that they should
 take precedence of all other schemes.
 It has been decided that the purchase
 of ^{the} Umda Bagh is to lie over till next
 year. This will run to 1,50,000 and
 to meet this sum it will be necessary
 to limit expenditure in this year.
 Papers are now in the Finl. Dept. in
 which it is proposed to make a grant
 of 50,000 Rs. to Coonoor for improv-
 ing its water supply. These two sums
 amount to 2,00,000. To meet these
 grants in 1900-1901 we can look for
 but little savings in the permanent
 services of Govt. Several expensive
 schemes were introduced last year and
 the level of our permanent expenditure

* This has been
 reappropriated by
 L.O. for the grant
 at its disposal in
 an order under issue.
 12/11/99

has been considerably raised. Though the items of Revenue in which Imperial is mostly interested are good this year those on which Provincial depends shew badly so far. There will be some savings of course and we can probably work on to the end of the year without any serious demands for the general services but when it comes to the framing of the Budget for next year it looks to me at present as if there would not be much for the D.P.W grant. It is of course desirable to spend the public revenue but I submit the question here is how to spend it to the best advantage

I would point out the demands in the statements which are with the papers are as I understand them largely for "Lump Sums" and for Agency works. The statements contain two large adaptations of Public buildings one for Jails and one for Police. It does not appear how these are urgent. The explanation of the necessity for the amounts applied for seems to me far from full.

When required.

SIR,

Referring to your memo no 962 of
d/22.8.99, I regret to have to state that
none of the Executive Engineers in this
circle can surrender any grants under
Provincial Civil Works but on the other
hand they require additional grants
for which I enclose a statement showing
proposed modifications of allotments for
the sanction of Govt.

This statement only
contains absolutely necessary items

I have the honor to be

FURTHER PAPERS.

NOTES.

Reference to P. W. D. Code,

Vol. II, Chapter IV, para. 135 (h).

1. This form should be used by the Executive Engineer in any of the following cases :—

(a).—When he requires a grant, or an addition to an existing grant, for carrying on a sanctioned major work.

(b).—When he is unable to utilize the grant at his disposal for any work, and wishes to resign it either wholly or in part.

(c).—When he wishes to utilize the grant for one work upon some other.

2. Either of the columns for "Proposed new grant" or for "Proposed reduction," or both, may be used as required.

3. If it happens that the grant already allowed has been reduced, the entry in the column "Existing grant for current year" would of course be the amount less such reduction.

4. In the case of Irrigation works, the entries in the column "Departmental and service head" should show distinctly whether the proposed re-appropriation is debitable to Capital or Revenue, and the entries in the column "Works" should be so arranged as to show the project to the Capital or Revenue account of which the charge is debitable, and the class of service to which the charge is debitable, thus :—

PROJECT.

(1).—HEAD WORKS—

(B). Land

(K). Buildings

In cases of Productive public works, the fact of their being so should be noted against the entries.

5. It being of the utmost importance that early intimation of possible lapses, or of excesses, in outlay on works should be communicated to the Government, a close watch should be maintained on the progress of all works by Executive Officers, and this form employed the moment the facts are sufficiently known.

6. Applications for re-appropriations which require the sanction of the Government of India should be submitted by the local Government in duplicate; applications by Executive Engineers should be submitted through the Superintending Engineers of their Circles.

Chief Engineer P. W. D.

EXPLANATION OF NECESSITY FOR RE-APPROPRIATION.

- (a) Revised estimate for Rs 22,650 will be submitted shortly. As the work has to be completed before the end of March 1900, appropriation to cover the balance of Estimate is now applied for. The amount of revised estimate having only been recently settled it was not possible to make a definite application before.
- (b) For strengthening the Sea Dyke at Manipatnam
- (c) This is required mainly to complete the dykes attached to the Tally Cutcheries at Manipatnam Gammalavaram and Avangadda.
- (d) This increase is chiefly required for carrying out the repairs to the Collector's residence at Manipatnam, an estimate for which has been lately sanctioned; this work is of an urgent nature. The repairs to Police Head Quarters an incomplete work of last year will require about Rs 5000.
- (e) Superfluous, hence the surrender, which may be applied to providing fences for the above works.
- (f) Considering the present state of progress of the work it is expected a surrender of Rs 2000 is necessary.
- (g) The excess grants over the amounts of sanctioned estimates surrendered.
- In the case of (g) outlay of Rs 1036 was incurred in 1898-99.

Extra. See Remarks in happy position statements submitted

of 28.2.99

W. M. Ellis R.E.
(Signature) Superintending Engineer
II Circle

Superintending Engineer's Office, II Circle,
BEZWADA, 16th September 1899.

No. 4401

From

Major W. M. Ellis R.E.

SUPERINTENDING ENGINEER,

II CIRCLE,

To

THE

Chief Engineer
Public Works Department.

SIR,

Enclosures. 1

Your No. 962 D dated 22 August 1899.

As the surrenders which could be made were required early, I forwarded surrenders statements as received from divisions without waiting for reports from the whole circle.

Thus in my No. 416 D dated 2.9.1899 I surrendered Rs 4,000 from the Nellore Division and on 9.9.1899 a further surrender of Rs 3056 was made from Krishna Northern which, however, was cancelled by my wire of 12.9.1899 on which date I learnt that Krishna Eastern required large additional grants under this head.

2. I now enclose a modification statement for re-distribution of grant the Rs 3056 available in Krishna Northern

being transferred to Krishna Eastern and further re-distributions are proposed in the funds allotted to Krishna Eastern.

The Statement shows a balance of Rs 12,944 still required by Krishna Eastern Division. With regard to the items (a) and (c) are incomplete works of last year and liability has already been incurred for a large proportion of the whole sum.

(a) was not included in the Krishna Eastern Division return of incomplete major works for which funds were required which was submitted last April apparently for the reason mentioned in para 3.

(d) The work on the Collector's house is in progress.

The house was in a dangerous state, the roof being much decayed and the repairs could not be postponed.

The Estimate is Rs 6,290.

3. It will be seen, therefore, that additional funds to the extent of Rs 12,944 are absolutely necessary. If the Rs 4,000 surrendered from Nellore Division on 2-9-1899 be transferred to Krishna Eastern the balance

to be provided will be Rs 8,944 from outside the Circle.

3. While the necessity for ^{executing} ~~executing~~ the above works was imperative I do not think the Executive Engineer should have delayed so long in applying for the necessary funds, he has apparently waited until the exact sums required were ascertained but it would have been better to apply earlier at the sacrifice of some accuracy as regard to the exact sums required.

4. In addition to the above further allotments will be required.

(1) For buying the Residence for Krishna Eastern Division Office Rs 16,000

(2) For improving the Huzur Treasury, Masulipatam . . . 5,600

The former is absolutely necessary and the latter is reported urgent by the Collector to whom the Estimate has been sent for submission to Government for sanction.

I have the honour to be, Sir,

Your most obedient servant.

W. M. Major R. Superintending Engineer
