No. 2697 W., 11th OCTOBER 1899.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following papers:—

From the Honorable Mr. D. DUNCAN, M.A., D.Sc., LL.D., Director of Public Instruction, to the Secretary to Government, Educational Department, dated Madras, 4th August 1899, No. 8657.

I have the honour to submit, for sanction, an estimate amounting to Rs. 3,108 for laying a gas main from the gas holder on the southern side of the Presidency College to the Physical and Biological laboratories and to the College of Engineering. This work was not included in the original estimate of Rs. 16,500 for fittings for the Physical laboratory of the Presidency College. As the gas main is necessary for the working of the engines, I request that the work may be treated as an urgent work, the charge being met from the lump allotment at the disposal of the Public Works Department for incomplete works. The Principals of the Presidency College and the College of Engineering say that the estimate meets the requirements of their respective colleges.

No. 412, Educational.

Approved and transferred to the Public Works Department.

14th August 1899.

(Signed) A. EDGINGTON,
Ag. Assistant Secretary.

From the Consulting Architect to Government, dated 7th September 1899, No. 1948.

ORDER—No. 2697 W., dated 11th October 1899.

The estimate, amounting to Rs. 3,108, for laying a gas main to the engines at the Presidency College and the College of Engineering, Madras, is sanctioned as supplemental to the estimate of Rs. 28,237 sanctioned in G.O., No. 2795 W., dated 29th September 1896.

2. The expenditure on the work to end of 1898-99 was Rs. 26,066, and the current year's grant is Rs. 2,400. No funds being available, the grant cannot at present be increased by any additional allotment.

3. The piping may be obtained from England in the usual course.

4. The Consulting Architect will report the entire cost debitable to each building including the provision made for erecting the gas apparatus, which is used both by the Presidency College and the College of Engineering.

5. The sanction accorded in paragraph 1 has been registered as Provincial No. 69 W. of 1899-1900, and classified as Civil Buildings—Original Works.

Current No. 6699

Letter No. 412

Dated 18th August 1899

From the Educational Dept.

NOTE BY TECHNICAL SECTION.

Name of work Laying gas main to the
Engines of the Presidency College & College
of Engineering.

Amount of Estimate Rs 3108.

The estimate provides for fixing
a gas main from the gas holder at
the Presidency College, made of 2"
dia. galvanized wrought iron piping
for a length of 2769 feet with the
necessary bends, elbows, syphons &c.
together with 250 Rps of 1 inch piping
with fittings complete, so as to sup-
ply gas to the Physical & Biological
laboratories and to the College of
Engineering laboratory & workshops.

The rates are fair.

The Director of Public Instruction
in submitting the estimate counters-
igned, states that the work may
be treated as urgent & that the
charge may be met from the lump
sum grant for incomplete works re-
maining at the disposal of the P.W.D.

The

Herquet

D.W.

C No 6679

W. D.P.I. says that the
work is urgent. This
work may be added to
list of works for which
funds are urgently required
Whenever the piping is ordered
from England, it can be
ordered and paid for next
year

H.C.

OFFICE OF THE DIRECTOR OF
PUBLIC INSTRUCTION,
Madras, 4 August 1899

No. 8657

From

THE HONORABLE MR. D. DUNCAN, M.A., D.S.C., LL.D.,

DIRECTOR OF PUBLIC INSTRUCTION,

Madras,

To

THE SECRETARY TO GOVERNMENT,

Educational DEPARTMENT,

Fort St. George.

SIR,

I have the honour to submit, for sanction, an estimate amounting to Rs. 3108 for laying a gas main from the gas holder on the southern side of the Presidency College to the Physical and Biological laboratories and to the College of Engineering. This work was not included in the original estimate of Rs. 16500 for fittings for the Physical laboratory of the Presidency College. As the gas main is necessary for the working of the engines, I request that the work may be treated as an urgent work, the charge being met from the lump allotment at the disposal of the Public Works Department for incomplete works. The Principals of the Presidency College and the College of Engineering say that the estimate meets the requirements of their respective colleges.

I have the honour to be,

Sir,

Your most obedient servant,

D. Duncan

Director of Public Instruction.
