Note for His Excellency the Governor

With reference to
 His Excellency's rescript
 dated 8th June 1899 on the
 note flagged J, the Suptg
 Engr., III Circle, was asked
 to report
 (1) the nature of the famine
 work on which Messrs Denney
 and Taylor were employed
 before their formal transfer
 to famine duty
 & (2) whether such famine
 work came within the
 category of "unusually ar-
 duous" as required in
 G.O. No. 620 W dated 9th
 March 1898.

The Executive Engineer
 Kurnool Division, states that

the nature of the work on which Messrs Dennehy & Taylor were employed before their formal transfer to famine duty was exactly similar to that on which they were engaged subsequent to that date with the difference that it became much heavier gradually by the starting of fresh works & the increase in the number of coolies. The formal transfer of these men to famine duty was in consequence of the establishment of a separate division for carrying out famine relief operations in the district.

with regard to it

the arduous character of their work, the Executive Engineer has consulted Mr. S. A. Subramanyam Iyer, ^{then} who was in charge of the division, and he is of opinion that the work of Messrs Dennehy & Taylor was unusually arduous, in the sense of S.O. No. 620 W dated 9th March 1898, from 16.1.1897 & 11.1.97 respectively. He does not however think that the work of Mr. Taylor from 10.11.96 to 10.1.97 can be so regarded.

4. If this opinion is accepted Mr. Dennehy must be considered to have been on famine duty from 16.1.97 to 19.11.97 & Mr. Taylor

from 11.1.97 to 27.11.97
or 10 months 5 days & 10 months
18 days respectively. They
are thus both eligible
for the major concession.

5. It is submitted that
the concession may be
allowed, and the
necessary correction made
in the appendix to go.

Letter No. 2375 dated Mandya at 3rd September 1899
 from J. C. Johnston Esquire, Executive Engineer
 Kurnool Division to the Superintending Engineer
 3rd Circle, Bellary.

With reference to your endorsement No. 2362
 dated 23rd June 1899, on Chief Engineer's No. 2771
 dated 17th June 1899, I have the honor to inform you
 that the nature of the work on which Messrs. Dumbley
 and Taylor were employed before their formal
 transfer to Saurine duty was exactly similar
 to that on which they were engaged subsequent
 to that date. The several works of which they
 were in charge prior to their transfer are given
 on the margin.

Mr. J. C. Dumbley

1. Koil Kuntla Torsam Road.
2. Chowk Banaganapally Road.
3. Chowk Union Road.
4. Chowk Tadpatre Frontier Road.
5. Arlagadda Koil Kuntla Road.
6. Arlagadda Alamur Road.
7. Seivel Gazulapalli Railway-Deodar Road.
8. Lampore Pass Road.
9. Kalwa Bahethcherla Road.
10. Saurine Bahethcherla Frontier Road.

Mr. E. S. Taylor.

1. Repairing the 22nd and 23rd mile of the
road from Kurnool to Bellary.
2. Constructing road from Kodumur towards
J. Lingaiah.

- (1) Kodumur Section.
- (2) Sonegunda Section.

These include works of construction
 repair, and collection of metal.
 The nature of the work continued
 the same but with this differ-
 ence that it became much
 heavier gradually by the
 starting of fresh works
 and the decrease in the
 number of coolies which
 eventually resulted in the
 reduction of the limits
 of their charges. Their
 formal transfer to Saurine
 duty was in consequence
 of the establishment of a
 separate division for
 carrying out Saurine
 Relief operations in the
 District.

As regards the arduous
 character of their work
 I have consulted Mr. R.
 S. A. Subramanyam Esq. who
 was then in charge of the Division and he
 is of opinion that the work of Messrs. Dumbley
 and Taylor was unusually arduous in the
 District.

Who was then in charge of the Division and he
 is of opinion that the work of Messrs. Dumbley
 and Taylor was unusually arduous in the
 District.

He does not however think that the work
of the latter from 10.11.1896 to 10.1.1897 can be
so regarded.

Letter from the Suptg Engineer, III-Brick, No 1808 W D
10th May 1899

Do Do No 1996 W D 29th May 1899

In the letter read above
the Suptg Engineer, III-Brick,
reports that the dates entered,
in column 5 of Appendix
to No. 319 W D date 2 February
1899, against the names
of Messrs. Denby and Taylor,
Sub Engineers, shows he altered
respectively to 15th January
1897 and 10th November 1896,
these being the actual dates
on which the officers entered
on their family duties. Before
sanctioning this, ^{however} Government
desired to have informa-
tion on the following points:-

- (1) the nature of the family
work upon which these 2
officers were employed
before formal transfer
to family duty, and
- (2) whether such family
work

26/6/99

work comes within the category of "unusually arduous" work as required in G.O. 620 W dated 9th March 1898. The undersigned is accordingly directed to request that the Suptg. Engineer will be so good as to afford the information asked for.

Circulated to H. the Governor

FOR ORDERS.

Before this can be sanctioned, -
 information should be given as to the nature of the Famine work upon which there were more employment before formal transfer to Famine Duty; and also whether such Famine work comes within the category of "unusually arduous" work, as required in G.O. No. 620 W. 9th March 1898.

2.2.99
 3.6.99

[Handwritten signature/initials]

The list of Officers & their Subordinates who were recommended for the famine leave concessions was checked by Examr., with reference to the periods from & to which pay was admitted to Ordinary & to Famine bills.

2. Mr. J. C. Denicthy, Sub-Engineer, who was employed in Kurnool during the late famine, points out that he is shown in the appendix to G.O. No. 319 W, 2.2.99, flag P, (vide item 69) as having been on famine duty from 22.3.97 to 19.11.97, or for a period of 7 months & 28 days, while he actually entered on famine duty on 15.1.97. He thus claims 10 months & 6 days, which

work Com

renders him eligible for
a major concession of 2 months
of privilege leave or full pay,
instead of half pay, for the first
few months of furlough or other leave
at which half pay is ordinarily
admissible.

4. The Supty. Engr., III Div.,
states that Mr. Denney was
employed on famine duty from
1.97 to 19.11.97, & considers that
a necessary correction should
be made in the appendix to
the G.O. flagged P. The Supty.
Engr. further adds that a
similar correction should be
made in the case of Mr. E. P.
Taylor, Sub Engineer, (No. 70 in
the appendix, flagged P.). Mr.
Taylor is stated to have en-
tered on famine duty on 10.11.96,
& left on 22.3.97, as shown in the
appendix. If this period is allowed,
Mr. Taylor will also be en-
titled to the major concession.

4. As the upper Subordinates in question
were actually on famine duty
for the periods claimed, they
may, it is submitted, be allowed
the

the major concession, &
the necessary correction made
in the appendix G.O. No. 3194,
of 2.2.99, flagged P. So far
Mr. Storin's is the only other
case where the major con-
=cession has been claimed.
