Safety Engineer in Para 2 of his endorsement
placed above will be considered se-
parately.

Exar. P. W. Accounts.

Note. It is reported that the building mentioned above was vacant from 6th to 18th April 1899 and from 26th June to 12th July 1899, and that the services of a watchman were required

to look after the building during those periods. This may be sanctioned.

2. The Executive Engineer suggests that as the transfer of Revenue Officers is frequent, a general permission to entertain a man when buildings used as residences become vacant, will obviate the necessity of repeated applications for sanction in such cases. The Superintending Engineer also recommends the proposal. As, however, it has been decided in para 6 of G.O. No. 2329 W dated 5th September 1899 that the sanction of Government is necessary in cases like these, there --- seems no need to modify the order.

2. The general question referred to in para 2 of the order will be submitted separately for orders.

Sir,

I have the honour to bring to your notice that the Head Assistant Collector's bungalow at Pollachi was vacated by Mr. Young on 6th April 1899 last and Mr. Wallace his successor did not occupy the same till 18th April 1899, and for the period intervening, it was found necessary to entertain the services of a watchman for looking after the vacant building.

2 Mr. Wallace, who occupied the place till 26th June 1899 was transferred to Erode and he again occupied the building at Pollachi on his retransfer to the place from 12.7.1899 and during this interval also the services of the watchman were entertained. Under these circumstances, I have the honor to request that you will be good enough to obtain the sanction of Govt to the entertainment

of the watchman, as without it, his salary cannot be disbursed.

3. The transfer of Revenue officers is of frequent occurrence and with a view to abolish the necessity of repeated applications for the entertainment of watchman for such brief intervals of time, I would suggest that a general sanction be obtained and made applicable to cases of buildings occupied as residences of officers for whom they were specially constructed.

4. It will of course rest with this Office to see that the dates for which watchmen are entertained are correct before payment is made.

I have etc.
