Inspection Report

Orders on the — of the accounts of the Gódávari Central division, submitted by the Examiner, Public Works Accounts.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

Read—the following paper:—

Office-note from the Examiner, Public Works Accounts, dated Madras, 25th September 1899, No. 1144 A./A.

I submit an extract from a report by Mr. J. E. Lacey, Deputy Examiner, of an inspection by him of the office of the Executive Engineer, Gódávari Central division, and I solicit the orders of Government in column 5 of the enclosed statement.

2. The office is in good order.

Order—No. 2753 W., dated 18th October 1899.

With his office-note recorded above, the Examiner, Public Works Accounts, submits those items in the report of inspection of the accounts of the Gódávari Central division which require the orders of Government. These orders have been entered in the statement printed as an appendix to these proceedings. The Superintending Engineer, I Circle, will see that necessary action is taken and that the reports called for are duly submitted.

(True Extract.)

Under Secretary to Government.

To the Superintending Engineer, I Circle.
„ other Superintending Engineers.
„ the Consulting Architect to Government.
„ the Superintendent of Works, Lighthouse Division.
„ the Examiner, Public Works Accounts.
„ the Chief Engineer for Irrigation.

Exd. T. K. Narayana Aiyangar.

Appendix to G.O., No. 2753 W., dated 18th October 1899.

Notes on the Inspection of the Gódávari Central Division by Mr. J. E. Lacey, Deputy Examiner, Public Works Accounts, 11th to 14th September 1899.

Item number.	Remarks by the Inspecting Officer.	Reference to Code ruling and Government Orders.	Remarks by the Examiner.	Orders of Government.
1	2	3	4	5
	Control over Expenditure.			
1	A register of bills is maintained in Form No. E./66, and the one inspected was only opened out in August 1898, the previous register was not produced. The register was rarely seen and inspected by the Executive Engineer only once on 1st September 1899 since the register was opened out. This omission was noticed in Mr. Eicke's inspection report, paragraph 9.	G.O., No. 2873 W., dated 15th October 1892.	1. The value of this register which is a most useful means of ensuring prompt payment of bills, has evidently not been appreciated by the Executive Engineer, but now that it is specially brought to his notice he will, I am sure, make use of this book.	*Item* 1.—The register should be more frequently inspected. The Examiner's remarks should receive attention.
	Measurement Books.			
2	On the whole were kept up in fairly good order, but the following points were noticed in the measurement book produced for inspection at the instance of the Examiner:—			*Item* 2.—The Examiner's remarks should be carefully attended to. It should be explained why measurements by subordinates bear no evidence of check by the Sub-divisional officer.
	(*a*) Contractor's signature not taken. — Measurement book 6857, pages 14, 18 and 19 (No. 2 Sub-division). Measurement book 7481, page 31 (No. 2 Sub-division). Measurement book 7485, pages 15, 17, 22 and 23. Measurement book 7487, page 26 (No. 1, Sub-division). Measurement book 6860, pages 12, 16, 35, 39, 40, 41 and 46.	Chief Engineer's (Public Works Department) No. 3645 C., dated 19th August 1898.	2. (*a*) The Executive Engineer's attention might be invited to the omission pointed out.	
	(*b*) Check-measurements by Sub-divisional officer not recorded. — Books 6855 and 6842 of No. 2, Sub-division office.	Chief Engineer's (Public Works Department) No. 5447 C., dated 15th December 1897, and Public Works Department Code, II, I, 31 to 38.	(*b*) It seems desirable that measurements taken by subordinates should be checked by Sub-divisional officers and the results recorded in the measurement book.	
	(*c*) Signature of Overseer taking measurements in pencil. — Book 6860. (T. S. Narainswamy Aiyar, Overseer, No. 2, Sub-division.	....	(*c*) The subordinate should be instructed to sign his name always in ink.	
	(*d*) The following old measurement books are still shown with subordinates, viz., Nos. 3182, 3193 and 4472, all issued in 1896, and some also issued in 1897, and should apparently have been returned to the Division office.	Public Works Department Code, II, I, 38.	(*d*) The Code rule quoted should be adhered to.	
	(*e*) Petty items like remaining sand, conveying bundles of nanal, etc., find a place in the measurement book. This is not intended (Measurement book No. 7486).	Public Works Department Code, II, I, 31.	(*e*) This might be left to the Executive Engineer's discretion, though I can see no use in it.	

Notes on the Inspection of the Gódávari Central Division by Mr. J. E. LACEY, Deputy Examiner, Public Works Accounts, 11th to 14th September 1899—*cont.*

Item number.	Remarks by the Inspecting Officer.	Reference to Code ruling and Government Orders.	Remarks by the Examiner.	Orders of Government.
1	2	3	4	5
	Control over Revenue and Receipts.			
3	(*a*) A record of revenue realized is maintained in form prescribed in G.O., No. 1316 W., dated 23rd May 1898, but differences in amounts recovered in different years are not explained.	....	3. (*a*) This point will no doubt receive the Executive Engineer's attention.	*Item* 3 (*a*).—A column is reserved for explanation of differences in receipts from year to year. It should be used.
	(*b*) The revenue includes rents of cocoanut trees leased out generally for five years for which agreements or muchilikas are taken, but these are not usually stamped, and it is not certain whether the agreements are valid and will be accepted in a Court of Law. The following are still in force:— Amount to be paid each year. N. L. Narasimham .. .. .. Rs. 111 N. Venkataswami .. .. .. „ 281 K. Manikhan .. .. .. „ 86 R. Adinarayana .. .. .. „ 38 and some others.	....	(*b*) Under Code, I, VIII, 29, these agreements are apparently exempt from stamp duty.	
	(*c*) Toll receipts are collected by Lock Superintendents (two in this division) who furnish no security. The amount collected during the past 12 months amounted to *Rs. 6,417*.	....	(*c*) Government have ruled in G.O., No. 2416 W., dated 20th September 1893, that security is not required in the case of these employés.	
	Sub-division Accounts.			
4	The extracts for the second period from Sub-division officer (2nd) are not always sent in by the 5th of the following month and during the past 12 months have been received as late as the 7th. The accounts are even later both from Nos. 1 and 2 Sub-divisions. A statement is attached. This point was also noticed in Inspection report of Mr. Eicke of October 1896 (paragraph 5).	Public Works Department Code, II, I, 189 and 191.	4. The Executive Engineer will no doubt take steps to prevent the delays on the part of Sub-divisional officer which appear to be habitual and to ensure punctuality in the submission of their accounts.	*Item* 4.—Immediate steps should be taken to ensure the punctual submission of these accounts.
	Cash Book.			
5	(*a*) The rule in Public Works Department Code, II, I, 58, is not followed by the Executive Engineer Mr. A. C. Langston as he does not initial under the last entry checked; he however signs the cash book at the end of the month—*vide* paragraph 61. Cash also is counted once a month.	Public Works Department Code, II, I, 58 and 61, and II, II, 36.	5. (*a*) The Code rules quoted should be attended to in future.	*Item* 5.—The Inspecting officer's and the Examiner's remarks should receive the Executive Engineer's attention.
	(*b*) Petty vouchers retained in the Division office are not cancelled ..	....	(*b*) This point should have received the Executive Engineer's attention.	
	(*c*) All salaries and travelling allowances of the division are paid by the Executive Engineer; this seems unnecessary with reference to payments on account of No. 2 Sub-division, the Assistant Engineer in charge having a drawing account.	G.O., No. 1814 W., dated 23rd July 1895.	(*c*) The Executive Engineer's attention might be drawn to the Government Order quoted.	
	(*d*) Petty items in the cash book are entered in too great detail—*e.g.*, "13th October 1898, telegram sent to Executive Engineer, Vizagapatam division, to send clerk V. Vasudava Murti to Rajahmundry on the 17th October 1898—Rs. 1-3-0."	Public Works Department Form No. 4, note (2).	(*d*) Unnecessary details will no doubt be avoided, now that attention has been drawn to them.	

	Stock.			
6	There is no stock at head-quarters. All stock being in charge of Nos. 1 and 2 Sub-division officers. The tools and plant at head-quarters are few, and with reference to the Code rule and precedent in the Gódávari Western division, it does not seem necessary to retain a storekeeper for this division. In addition to his being in charge of the tools and plant at head-quarters, he is also employed as Records clerk of Executive Engineer's office.	Public Works Department Code, II, I, 122. G.O., No. 2824 W., dated 8th October 1897.	6. This question might be referred to the Superintending Engineer for opinion.	*Item* 6.—The Superintending Engineer will report whether a storekeeper is necessary for the division.
	Accounts of Works.			
7	Direct debits are made to the sub-head "contingencies" in the following cases:— RS. RS. A. P. (*a*) Constructing a drainage out fall sluice, aqueduct and canal surplus at 42/6 mile, Bank canal, estimate .. .. 15,900 635 8 10 (*b*) Diverting Vanitayam right bank on to Paserlapudi channel, left bank, estimate. 16,000 29 6 5	.... Public Works Department Code, I, VII, 20. Examiner's Circular No. 38 of 1889.	7. Items debitable to "contingencies" should be distinctly recorded in the register of works, and sanction of the Superintending Engineer should also be obtained to the deviation whenever this may be necessary.	*Item* 7.—The Examiner's remarks should receive attention.
	Contract Accounts.			
8	(*a*) No agreements are now taken by Executive Engineer Mr. A. C. Langston for work given out to piece-workers, and no register is therefore maintained.	....	8. (*a*) The Executive Engineer might be asked to explain why no agreements were taken.	*Item* 8.—Explanation should be furnished as to why no agreements are taken from piece-workers, and as to why in the two cases noticed, the steps indicated by the Inspecting officer were not taken.
	(*b*) During the past six months the following sums were paid to petty contractors and it seems necessary that agreements in K-2 should at least have been taken, although in two instances the amounts exceeded Rs. 2,000, and regular contracts should perhaps have been executed, or reported to Superintending Engineer in terms of Public Works Department Code I, VIII, 11:— RS. RS. (1) *Tanikella Viswanatham.*—Repairs to Bodukodu drain, estimate .. .. 9,450 2,361 (2) *Tanikella Viswanatham.*—Repairs for constructng a drainage outfall sluice, aqueduct and canal surplus at 42/6 miles, Bank canal, estimate .. .. 15,900 1,793 (3) *Tanikella Viswanatham.*—Repairing Ainapur drain, etc., estimate .. .. .. 10,700 1,776 (4) *Malleti Nagiah.*—Repars to Panchanadi drain, estimate .. .. .. 8,550 2,311 (5) *Kovuri Appana.*—Making up steps in Vasista left bank at 23 miles 5½ furlongs, estimate. 3,950 1,028	Public Works Department Code I, VIII, 8 and 11.	(*b*) Even in the case of piece-workers written agreements are necessary to avoid after-disputes. Apparently these men should have been treated as regular contractors.	
	Miscellaneous.			
9	Payments on account of other divisions were not promptly advised ..	Public Works Department Code, II, II, 171.	9. Delays of this kind will no doubt be avoided in future..	*Item* 9.—The Examiner's remarks should receive careful attention.

4

FURTHER PAPERS.

No.	Date.

Notes on the Inspection of the Godavari Central Division by
Mr. J. C. Lacey, Deputy Examiner of P.W. Accounts — 11th to 14th September 1899.

Item No.	Remarks by the Inspecting officer	Reference to Code paragraph or G.O.	Remarks by the Examiner	Orders of Government
1	2		2	
	Control over Expenditure.			
1	A register of bills is maintained in form No. C/86, and the one inspected was only opened out in August 1898, the previous register was not produced - the register was rarely seen and inspected by the Executive Engineer - only once on 14 September 99 since the register was opened out - this omission was noticed in Mr. Eckes's inspection report para 9.	G.O. [illegible] dated 15th [illegible] 1892.	~~[illegible]~~ payment of bills has evidently [illegible] been appreciated by the Executive Engineer - but now that it is specially ~~brought to his notice~~ [illegible] soon make use of this book.	Item 1. The Register should be more ~~[illegible]~~ frequently inspected. The Examiner's remarks should receive attention.
2	**Measurement Books**, on the whole were kept up in fairly good order, but the following points were noticed in the measurement Books produced for inspection at the instance of the Examiner.			Item 2. The Examiner's remarks should be carefully attended to. It should be explained why measurements by Subordinates bear no evidence of check by the Sub Divisional Officer.
	(a) Contractor's Signature not taken. Measurement Book 6857 pages 14, 18 & 19 (No. 2 Sub-Division) Measurement Book 7481, page 31 (No. 2 Sub-Division) Measurement Book 7485 pages 15, 17, 22 & 23 Measurement Book 7487 page 26 (No. 1 Sub-Division) Measurement Book 6860 pages 12, 16, 36, 39, 40, 41 & 46.	Chief Engineer's (P.W.D.) No. 3645 C dated 19th August 98.	~~[illegible]~~ pointed out.	
	(b). Check measurements by Sub-Divisional Officer not recorded. Books 6855 & 6842 of No. II Sub-Division office.	Chief Engineer's (P.W.D.) No. 5447 C dated 15th December 1897, and P.W.D. Code II. I 31 to 38.	2(b). It seems desirable that measurements taken by Subordinates should be checked by Sub-Divisional officers and the results recorded in the measurement book.	
	(C). Signature of overseer taking measurements in pencil. Book 6860. (T. S. Narainswamy aiyar Overseer, II. Sub-Division)		2(C). The Subordinate should be instructed	

(d). The following old measurement books are still shown with the Subordinates viz, Nos 3182, 3193 & 4472 all issued in 1896 and 3 [illegible] also issued in 1897. and should apparently have been returned to the Division office.

(e). Petty items like [illegible] find a place in the measurement books – [illegible] Measurement Book No 7466 [illegible]

Flag

Control over Revenue and Receipts

3 (a). A record of revenue realised is maintained in form prescribed in G.O. No 1316 W dated 23rd May 1898 but differences in amounts recovered in different years are not explained.

(b) The revenue includes rents of cocoanut trees leased out generally for 5 years for which agreements or muchilikas are taken, but these are not usually stamped [illegible] the agreements are valid and will be accepted [illegible]

The following are still in force

	amount to be paid each year.
N. L. Narasimham	Rs 111
N. Venkataswami	Rs 281
E. Mangy Khan	Rs 88
R. Badinarayana	Rs 38

and some others.

(C). Toll receipts are collected by Sub-Superintendents (2 in this division ~~District~~) who furnish no security. The amount collected during the past 12 months amounted to Rs 6417.

instructed to sign his name always in ink –

3 (a). The point will no doubt require the Executive Engineer's attention.

~~Item~~ 3(a) ~~no~~ A column is reserved for explanation of differences in receipts from year to year – It should be explained why it has not been used.

3(b). [illegible]

These agreements are apparently exempt from Stamp duty.

93. That Security is not required in the case of these employees.

5

Sub-Division Accounts.

4 The extracts for the 2nd period from Sub-Division offices I & II are not always sent in by the 5th of the following month and during the past 12 months have been received as late as the 18th. The accounts are even later both for Nos 1 and 2 Sub-Divisions [illegible] attached. This point was also noticed in Inspection report of Mr. Eckes of October 1896 para 5.

Cash Book.

5 (a). The rule in P.W.D. Code Vol. I [illegible] is not [illegible] the Executive Engineer Mr. A. C. [illegible] the last entry checked, he however signs the cash book at the end of the month, vide para 61. Cash also is counted once a month.

(b). Petty vouchers retained in the Division office are not cancelled.

(c) All Salaries and Travelling Allowances of the Division are paid by the Executive Engineer, there being [illegible] with reference to payments on account of No II Sub-Division the Assistant Engineer in charge having a drawing account.

(d). Petty items in the cash book are entered in too great detail — e.g. on 13th October 98 Telegram sent to Executive Engineer, Vizagapatam Division to send clerk V. [illegible] to Rajahmundry on the 17th October 98 — Rs 1-8-0.

Stock.

6. There is no Stock at Head Quarters — all Stock being in charge of Nos I and II Sub-Division offices. The tools and plant at Head Quarters are few and with reference to the Code rule and precedent in the [illegible] Division it does not seem necessary to retain a Store Keeper for this Division — In addition to his being in charge of the tools and plant at Head Quarters, he is also employed as Records clerk of Executive Engineer's office —

6

Item 4. Immediate steps should be taken to ensure the prompt submission of these accounts.

P.W.D. [illegible] Code Vol. I [illegible] 1897-98.

of thirty accounts.

P.W.D. [illegible] Code Vol. I [illegible] 58 & 61 II; III. 36.

~~Item 5~~ The Inspecting Officer and the Examiner's remarks should receive the Ex. Engineer's attention.

G.O. No 1814 W dated 22nd July 95.

P.W.D. [illegible] Form No 4, Note (2)

Stock.

P.W.D. Code II. I. 122

6. This question might be referred to the Superintending Engineer for opinion.

G.O. 2824 W dated 8th October 1897.

Item 6. The Supdg. Engineer will report whether a Storekeeper is necessary for the Division.

Accounts of Works.

7. Direct debits are [illegible] in the following cases.

(a). Constructing a drainage outfall sluice aqueduct and Canal Surplus at 42/6 miles Bank [illegible]

Estimate Rs 15900/-

Paravilangudi

(b) Diverting [illegible] right bank [illegible] channel, left bank. Estimate Rs 1600/-

Contract Accounts.

8 (a) No agreements are now taken by Executive Engineer or A. E. [illegible] for work given out to [illegible] and no register is therefore maintained.

(b) During the past 2 months the following works were paid to Petty Contractors and I think it necessary that agreement in K2 should at least have been taken, although in all instances the amounts exceeded Rs 2000/- and regular contracts should perhaps have been executed, as reported to the Superintending Engineer in terms of Par. [illegible] Code [illegible]

(1). Tanikella Viswanathan — Repairs to Badukodu drain — Estimate Rs 9250. Rs 2.361

(2) Do — for Constructing a drainage outfall sluice aqueduct and canal surplus at 42/6 miles Bank canal Estimate Rs 15900. 1793

(3) Do — Repairing [illegible] drain — Estimate Rs 10700 Rs 1776

7. Items debitable to "Contingencies" [illegible]

Code I [illegible]

VII - 1202 of the Superintending Engineer [illegible]

of 1889 [illegible]

171.

Item 7. ~~Inspecting Officer's~~ Remarks should receive attention.

Item 8. ~~The~~ Explanation should be furnished as to why no agreements are taken from piece workers and as to why in the two cases noticed the steps indicated by the Inspecting Officers were not taken.

(4) Mallelis Nagiah — Repairs to Pandiamadi drain — estimate Rs 8550 Rs 2311

(5) Kovvuri ~~[illegible]~~ Appalanna — Making up slopes

Miscellaneous

9 Payments on account of other Divisions have not been properly advised.

Service Books

10 The following points were noticed — [The Service Books are otherwise satisfactorily maintained]

(1) Juggiah [illegible] Head Clerk — Service book completed and [illegible] entries made for blank sheets of paper instead of [illegible]

(2) K. Visvanathaiyer [illegible]

certificate in [illegible]

(3)

Opening page — Subordinate's signature not taken and Executive Engineer's not dated.

(4) Date of actual taking [illegible] from furlough for 2 years from 14th November 95 not noted. — Privilege leave from 23rd March 98 for 60 days not therefore susceptible of verification.
