surveyors being put on them. The Suptg. Engineer has accordingly applied for the required survey staff. The work to be done by the surveyors is fully -- detailed in the Executive Engineer's letter flagged **T**. The Chief Engr. for Irrigation recommends the proposal. It is therefore proposed to sanction the establishment applied for.

From Mr R. Dy. R. A. Sreenivasa Dyengar asst.
Rai Sahib B.A. B.C.E., Executive Engineer, Nellore
Division, to the Superintending Engineer 2nd Circle
dated 26th August 1899 No. 623

With reference to your No 688 M. d. 19-8-99
herewith returned, I have the honour to give
the following information.

The work to be done is longitudinal and cross sections of the Pyderu for about 30 miles with necessary surveys. The cross sections will be 240 in number and many of them may extend to a mile on both sides of the river. The total amount of levelling may be about 360 miles. The village plans have to be traced and mounted together. The levels have then to be marked on them. The present and future submergence will then have to be marked and the portions properly colored and the map completed as a record for future reference. Wherever the Revenue Survey maps are incomplete, a actual survey will have to be taken. The work is likely to occupy a year.

Due 1.

N^o. 310 I dated 29th August 1899.

Forwarded to the Chief Engineer for Irrigation with a proposition statement for 2 Surveyors and Survey ladders for 6 months for the Thorough Survey

Survey of the Pydera as directed in
 your inspection notes published
 with G.O. No. 6782 of 5th August 1899.

A statement of the work
 to be done is given in the Executive
 Engineer's letter.

Chapter I, Para. 30.

MADRAS PRESIDENCY.

Part II.

Tabular Statement to accompany proposals
for changes in establishments.

1. All proposals for changes in the scales of permanent establishments must be accompanied by a statement in Part I of this form when the changes relate to the engineer or upper subordinate establishments and in other cases by a statement in Part II of this form.

2. The column headed "present scale" should invariably show the existing sanctioned scale (not the strength of the establishment as it actually stands at the time), and should be verified by the Examiner before the statements are forwarded to the sanctioning authority.
