tent required for the use of the Assistant Engineer in charge of the ^{Amalga} ~~Poonacha~~ Ghat Road, and stated that the tent had been ordered in anticipation of sanction.

2. Certain Hill tents being available for transfer from the Bellary Division, the Superintending Engineer, IV Circle, was asked to report whether a Hill tent, 10' x 10' with bath room attached, would not meet the requirements of the Assistant Engineer, and whether the order for the Cabul tent could not be cancelled, vide Memo: No. 100C dated 4th January 1899. In reply, the Superintending Engineer states that the Cabul tent has already been purchased and that it will be far more convenient for hill work than a Hill tent. It is therefore proposed to sanction the purchase.
