

Public Works (1899) Department.

G.O., No.

286 *W*

DATED

31 Jan - 1899.

[Despatch Abstract.]

Indianapolis Water Works

From L. M. DePue Considering that there are no sufficient grounds for appointing a committee to investigate the cause of failure of the ^{existing} ~~work~~ that no additions proposed by the C. S. Squire are absolutely necessary to place the work on a satisfactory footing, Communicated to the S. E. Nichols

LOCAL AND MUNICIPAL DEPARTMENT

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following paper:—

From the Chairman, Municipal Council, Trichinopoly, No. 13, dated 26th February 1898, submitting two resolutions of the Council regarding the repairs and alterations to the Head Works and the construction of a service reservoir.

From the Public Works Department, No. 54, dated 7th December 1898, ^{stating} submitting, with remarks, that it has been arranged with the Sanitary Engineer that the estimate for Rs. 12,580 for new suction pipes to the Pumps at Trichinopoly water works can be held in abeyance.

From the Collector of Trichinopoly, Ref. Cor. No. 67, dated 9th January 1899, reporting to Government that the water works have again broken down.

ORDER, No. 98 M. L. S., dated 23rd January 1899.

The Government does not consider that there are sufficient grounds for appointing the committee suggested by the Collector to investigate the cause of failure of the water-works, for although the design of the works was in some respects faulty, the Municipal Council does not appear to have much cause for complaint in regard to their execution.

2. It is however observed that the additions proposed by the Chief Engineer are absolutely necessary to place the works on a satisfactory footing. The construction of the three additional infiltration wells referred to in para. 1 of the Chief Engineer's letter has been approved in G.O. No. 54 M., dated 11th January 1899, and the Sanitary Engineer is requested to submit detailed plans and estimates for the improvements specified in para. 2.

3. The question of making a contribution from Provincial funds towards the cost of these improvements will be considered on receipt of the estimates.

(True Extract)

A Edgington

For Secretary to Govt.

To, The Chairman, Muni. Council, Trichinopoly,
" Chief Engineer, Public Works Department,
" Sanitary Engineer.
