July 7

I herewith forward a proposition statement for Survey Lascars required for investigation of Projects in the upland Taluks Krishna, reported on in letters published with G.O. 607 I dated 21st August 1899.

Sanction is asked to provide Lascars up to the end of September ^{for 3 Surveyors} by which time the Executive Engineer reports that he anticipates that the field works of all the projects referred to will be completed.

3 Temporary subordinates are being employed to do the survey work on these projects and 3 sets of Lascars are required.

The last sanction given on

on account of Establishment for these projects was that contained in G.O. 582 W dated 29 January 1899.

Since the expiration of the sanction given to Survey Establishment for Sattene palli Taluq given in G.O. 1515 W dated 16 June 1898 the pay of lascars with the surveyor in that taluq has been debited to the sanction given in G.O. 582 W dated 29 January 1899.

This explains why 3 sets of lascars are now required.

Leave to go on and complete the work in anticipation of sanction is being given.

I have the honour to be

Sir

Your most obedient servant.

Part II.

Tabular Statement to accompany proposals for changes in establishments.

1. All proposals for changes in the scales of permanent establishments must be accompanied by a statement in Part I of this form when the changes relate to the engineer or upper subordinate establishments and in other cases by a statement in Part II of this form.

2. The column headed "present scale" should invariably show the existing sanctioned scale (not the strength of the establishment as it actually stands at the time), and should be verified by the Examiner before the statements are forwarded to the sanctioning authority.
