PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following paper:—

From the Venerable the Archdeacon of Madras, No. 5404, dated 23th September 1899:—

I have the honour to state that the Church at Cocanada apparently requires considerable repairs and the fence round the Church certainly does so.

2. The total amount required is larger than under the rules could be met by my Budget Allotment for repairs to Churches.

3. I am moreover not satisfied as to the actual repairs required for the Church, nor can I clearly ascertain who paid for the original fence placed round the Church. Moreover I am inclined to think from what I hear that if the Church was properly built it ought not to require such extensive repairs as are said to be necessary.

4. I have the honour to request that Government will be pleased to direct that the Department of Public Works prepare an Estimate for submission to Government through me for the absolute necessary repairs to the Church and fence around the Church.

5. The Church was built by subscriptions with a Government grant added.

ORDER:—No. 130, dated 9th October 1899.

The request in paragraph 4 of the Venerable the

Archdeacon

Archdeacon's letter is approved. The necessary further orders
will be issued in the Public Works Department.
