Ordered that an — for stores required for the shutters of the Upper and Lower Coleroon anicuts, be forwarded to the Director-General of Stores for compliance.

No. 2927 W., 4TH NOVEMBER 1899.

GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.General.
Account.

READ—the following papers:—

From H. A. MOSS, Esq., General Superintendent, Public Works Stores, Madras,
to the Chief Engineer, Public Works Department, dated 9th August 1899,
No. 81 M.I have the honour to submit, for transmission to the Director-General of Stores,
London, a special indent in triplicate for materials required for the shutters of Upper
and Lower anicuts.
The Director-General of Stores may be requested to expedite the despatch of the
materials as much as possible, which, it is hoped, will arrive at Madras between October
and December 1899, so that the work may be carried on and in order to utilize the
grant allotted for the work during the year.From the Examiner, Public Works Accounts, dated 17th August 1899, No. 2759 B./B.
" the General Superintendent, Public Works Stores, dated 19th Aug. 1899.
" the Examiner, Public Works Accounts, dated 12th October 1899, No. 3384 B./B.
" the Chief Engineer for Irrigation, dated 25th October 1899, No. 339.
" the Examiner, Public Works Accts., dated 30th " " 3551 B./B.

ORDER—No. 2927 W., dated 4th November 1899.

The indent will be forwarded to the Director-General of Stores for compliance.
[Here enter No. 2928 W., dated 4th November 1899.]

(True Extract.)

Under Secretary to Government.

To the Superintending Engineer, V Circle.
" Examiner, Public Works Accounts.

DEPT.

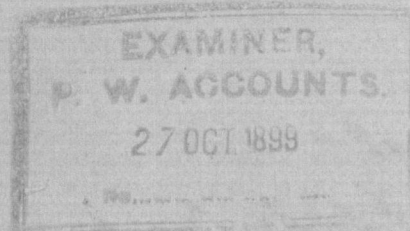

EXAMINER, P. W. ACCOUNTS,

dated

189 .

Madras, 12th October 1896.

OFFICE NOTE No. 3384 13
13

To

W.

Your O.N.No.4090 C dated 11th.

October 1899.

The pencil correction was made
in the original indent by the Secretariat
Such corrections are always inked in
after approval by Sd/- & W/- when the
indent is transmitted to the Honble
The corrections have now been inked in
as desired by C.

The correct figure, as checked in
the Secretariat, is £ 3483-7-0. ~~£ 3474-12-5~~
The figure given in the duplicate
copy is an error and has now been
corrected. The P. W. Stores Sd/- is
responsible for the insertion of
the incorrect figure in the duplicate
copy.

In the original copy of indent No
5 A of 1899-1900 forwarded with your
O.N. quoted above the value of stores
required for the Upper Anicut, as cor-
rected (in pencil) is £ 6230-17-0 where-
as in the duplicate and triplicate co-
pies, the amount is shewn as £ 6227-14-0

2. Again, in the duplicate copy
of Indent £ 3474-12-5 is shewn as the
cost of stores required for the Lower
Anicut, while the Original (in which
there are pencil corrections in the body)
and triplicate copies give £ 3483-7-0.
Kindly therefore have the indents which
are herewith returned corrected where
necessary in ink to enable me to grant a
certificate for the proper amount.

3. I would further point out
that taking the cost of the indents to
be £ 9714-4-0, the amount in Indian cur-
rency would be Rs. 150084 inclusive of
3 per cent charge for Insurance and

Depart

Departmental supervision; while the booked expenditure in current year to end of August 1899 amounts to Rs. 91205 so that balance of grant available is Rs. 149795 or Rs. 289 less than the value of the indent.

4. Under these circumstances, kindly state whether an additional grant to meet this excess-as well as to cover any further expenditure that may be incurred- will be provided later on in the year.

Special indent on the Disbursement
of Stores
Submitting — in triplicate
for materials required for the Shutter
of Upper Lower Aqueduct

216/4
025387

17 AUG 1899

No. 3493C of 16/8/29

To

C

For favour of
requisite certificate
regard to the provision
of funds.

2. There is an allotment
of Rs 14,1000 for the Shutter
And Rs 100,000 for the
aqueduct in the current

216/4
025387

All articles required for the public service, which cannot be manu-
factured in India, are, as an almost invariable rule, to be obtained by indenting
to the Secretary of State. The Store Department at the India Office constitutes
an agency, which is maintained for the express purpose of purchasing
in England on account of the Government of India, and, save in the
cases mentioned below, stores of European manufacture must not be
obtained in India, or obtained direct from Europe independently of the India

The special cases in which, with the previous sanction of the Govern-
ment of India or of the Local Government, as the case may be, stores of
European manufacture may be obtained in India, are:—

When for any special reason it may be more economical to do so;

When stores indented for from England have not arrived, and incon-
venience to the public service is anticipated from the delay in the
supply;

When the stores are perishable.

Indents for public works stores, other than railway stores, so long as
within the grant assigned for the purpose, should be sent direct by
the Public Works Department of the several Local Govern-
ment Administrations to the India Office; three copies of printed and
manuscript indents should be sent, and a copy be submitted to the
Secretary of India.

Copies of indents chargeable to Provincial and Local Funds are not required to be sent to
the Secretary of India.

This form of indent should invariably be adhered to, other modes of
being entirely discarded, and requisitions in the body of letters,
be overlooked or misunderstood, being specially avoided.

Columns (which sufficiently explain their own meaning) must be
filled up, and others are not to be substituted, any remarks
considered necessary being confined to the column for that pur-
pose. Each column should contain every explanation that may guide in the supply
of the articles required.

There is an established proportion for general stores has not yet been
fixed. It should consist of three years' ordinary expenditure: the quantities in
the column of requisition being added to the quantities due upon former
indents. The difference between the aggregate of these two columns and the
proportion is the proper quantity to be asked for. This procedure
will always keep up an ample supply for general service;
in exceptional circumstances, it is found desirable to exceed the
proportion, the reason for so doing must be inserted in the
remarks. The calculation of the established proportion on the
basis of three years' ordinary expenditure is not applicable in the case of

Columns printed in red ink are to be left blank for completion

Column of remarks, the port to which stores are to be consign-
ated, and also the names of the last two or three vessels whose
cargo have been included in the quantity in store as shown in column

Indent must be accompanied by a certificate of the necessity
for the stores, and that they cannot be advantageously procured
locally or from surplus stores of other departments, railways
or other sources.

In the case of stores for imperial purposes (including all state rail-
ways) not yet begun, the sanction of the Government of India must
be obtained before the proposed allotment before the Examiner can give his
sanction for stores for provincial services (except provincial state
sanction of the Local Government or Administration will suffice
for other stores).

It is expected that the outlay will be provided partly in one
year, and in another, the following addition should be made to the
estimate—"and that the balance of the estimated outlay in
() will be provided by the Government of India in the
year 189 -9 . Vide Government of India letter No.

When indents attention should be paid to the rules on the sub-
ject. (P. W. Code, vol. I.)

Special
Annual indent on England for Stores.
