Order—No. 2932 W., dated 4th November 1899.

In G.O., No. 750, Financial, dated 1st October 1895, Government sanctioned the supply of certain rubber stamps to head offices of the Public Works Department, and in accordance with this order a consolidated indent for the rubber stamps required by officers of the Public Works Department was forwarded to the Superintendent of Stationery.

2. In October 1898 the Superintendent of Stationery brought to the notice of the Chief Engineer that he had received indents from officers of the Public Works Department for the supply and repair of rubber stamps which were not authorized by the Government Order quoted above, and he suggested that the sanction of Government be obtained for the supply of any stamps, other than those already authorized to be supplied, which may be considered to be necessary. Officers of the Public Works Department were thereupon requested to state whether they required any rubber stamps of a different description to those indented for with reference to G.O., No. 750, Financial, dated 1st October 1895. The papers read above are the replies received to this reference.

3. After a careful consideration of the applications made for stamps, His Excellency the Governor in Council sanctions the supply of the stamps entered in the list marked A attached to these Proceedings to all offices of the Public Works Department which may require them. The stamps shown in list B are sanctioned for supply only to the particular offices mentioned in the list.

4. His Excellency the Governor in Council considers that the other stamps which officers of the department have applied for are either unnecessary or their use is not sufficiently frequent to justify their supply, and they are accordingly disallowed.

ORDER.

No: 2932 W & B 4.11.99

In G.O. No 750 Fincl. dated 10 October 1895 Govt: sanctioned the supply of certain rubber stamps to head offices of the P.W.D., and in accordance with this order a consolidated indent for the rubber stamps required by offices of the P.W.D. was forwarded to the Supdt. of Stationery. in May 1896.

2. In October 1898 the Supdt. of Stationery brought to the notice of the Chief Engineer that he had received indents from officers of the P.W.D. for the supply and repair of rubber stamps which were not authorised by the G.O. quoted above, and he suggested

Ref. in Govt W.

[P. W. 4. 1,000—18-7-99.]

uggested that the sanction
of Govt. be obtained for the
upply of any stamps, other
than those already authorised
to be supplied, which may be
onsidered to be necessary. Officers
f the P.W.D. were thereupon re-
quested to state whether they
equired any rubber stamps of
different description to those
indented for with reference to
Govt. No 750 Financial dated 16th
October 1895. The papers read
above are the replies received
to this reference.

3. After a careful consideration
of the applications made for stamps,
His Hon'ble the Governor in Council
sanctions the supply of the
stamps entered in the list
marked A attached to these
Proceedings to all offices of the
P.W.D. which may require them.
The stamps shown in list B are
sanctioned for supply only to the
particular offices mentioned in
the list.

4. H.E. the Governor in Council
considers

considers that the other
stamps which officers of the
dept. have applied for are
either unnecessary or their
use is not sufficiently frequent
to justify their supply, and
they are accordingly dis-
-allowed.

H.E. the Governor.

For ORDERS

G.O. No. 750 Finl dy 1.10.98 directed the supply of certain stamps to head offices of the P.W.D, and a general indent for these stamps was forwarded accordingly to the Stationery Office with Memo No. 2170 C dy 6.5.96.

2. In October last the Supdg of stationery stated that he had received indents from the Engineers, Cuddapah & Kurnool Western Divisions, for the supply & repair of certain rubber stamps & as the supply of these stamps was not authorised by the G.O. quoted above, he suggested that the sanction of Govt be

To

[P. W. 4. 1,000—18-7-99.]

e obtained for the supply
f any stamps other than those
lready authorised to be
pplied which may be con=
idered to be necessary. This
etter was communicated to
fficers of the P.W.D. in Memo
No 5095 C 9 17.11.98, & they were
equested to state whether they
equired any rubber stamps
f a different description to
those indented for with reference
to G.O. No 750 Fincl 9 1.10.95. The
papers read above are the
eplies to the reference made.
3. The statement submitted
shows the stamps which the
fficers of the dept. have applied
for. Those already authorised
by G.O. No 750 Fincl 9 1.10.95 have been
omitted from the statement.
The stamps have been entered
in two lists - A, general, containing
those stamps which can be
used by all P.W.D. officers, & B,
special, including those which
are required for particular
offices.

4

# Flag V

× Flag R.

* Flagged 9

4. In list A the stamps
numbered 1, 2, 3, 4 & 5 are
already in use, & sanction is
only required for their repair or
renewal. The supply of these
stamps to all Circle, & divisional
& sub divisional offices, when
required, is recommended.

× Nos 6, 7, 8 & 9 are required
only in the Kistna Eastern division.
The Supdg. Engineer states that
the number of impressions likely
to be made monthly with these
stamps is as follows:-

No 6 —— 150
" 7 —— 150
& Nos 8 & 9 —— 300

These stamps are used for
in connection with the disposal
of water applications, & the
Supdg. Engineer states that these
stamps are more urgently
necessary than any other stamps.
Under these circumstances
the supply of these stamps
to the Kistna Eastern divisio

alone

The use of these stamps
is not sufficiently frequent
to authorize their being
sanctioned

alone may be sanctioned.

5. In List B, it is sub-
-mitted that stamp No. 1
'Kistna Eastern Division' be dis-
-allowed. It is stated that
600 impressions are likely to
be made with it monthly, but
if a stamp of this description is
to allowed, every other division
can equally claim to have a
similar stamp. The Kistna Eastern
division is the only division for
which a stamp of this descrip-
-tion has been applied for.

Nos 2 & 3 may be sanctioned
for both the Kistna Eastern &
Western Divisions. They are
stated to be required in
connection with water applications.
The impressions likely to be
made with No 2 monthly in
the Kistna Eastern & Western
divisions are stated to be
3000 & 1050 respectively.

No 4 & 5 will be un-
-necessary if Nos 2 & 3 are
supplied

& this is opposed to
Go. No 750 Finl dy 1.10.55

supplied.

As regards No. 6, this
stamp is applied for for the
Kistna Western division office &
for the sub divisional offices in
it. The impressions per month
are only 30, & the stamp
may be disallowed.

No 7 - the number of im-
-pressions per diem is stated
to be 10. This is not enough
to warrant the supply of a
stamp & it may be disallowed.

No 8 - Date stamp - is
recommended for supply to
all P.W. offices including sub-
-divisional offices. It is already
in use in several divisions.

Item 11 is required for
the Tanjore division, & is stated
to be required for cancelling
in the measurement-books bills
paid. The number of im-
-pressions is said to be about
38 a day. But if the stamps
numbered

numbered 3 & 4 in list A are sanctioned, this stamp appears to be unnecessary & may be disallowed.

Item 12 is now reported to be not required.

Items 14 to 26 are used in the Examiner's office. The Examiner considers that Nos 14, 16, 17 are ~~to be~~ highly convenient & would not will be dispensed with. The remainder are in his opinion absolutely necessary. These stamps are already in use & the continuance of their supply may be sanctioned.

Nos 27 to 30 relate to the office of the Examiner, Railway Accounts, & as they are reported to be absolutely necessary, they may be sanctioned.

O.S 113 sent again 29/5 A14/16

suggested that the sanction
of Govt. be obtained for the
supply of any stamps, other
than those already authorised
to be supplied, which may be
considered to be necessary. Offices
of the P.W.D. were thereupon re-
quested to state whether they
required any rubber stamps of
a different description to those
indented for with reference to
G.O. No 750 Financial dated 1st
Oct 1895. The papers read
above are the replies received
to this reference.

3. After a careful consideration
of the applications made for stamps,
this Govt the Governor in Council
sanctions the supply of the
stamps entered in the list
marked A attached to these
Proceedings to all offices of the
P.W.D. which may require them.
The stamps shown in list B are
sanctioned for supply only to the
particular offices mentioned in
the list.

4. H.E. the Governor in Council
considers

considers that the other
stamps which officers of the
dept. have applied for are
either unnecessary or their
use is not sufficiently frequent
to justify their supply, and
they are accordingly dis-
-allowed.

Circulated to also cNos. 1745; 5142; 7230; & 6186.

H.E. the Governor.

For ORDERS

G.O. No. 750 Finl dy 1.10.98 directed the supply of certain stamps to head offices of the P.W.D, and a general indent for these stamps was forwarded accordingly to the Stationery Office with Memo No. 2170 C Dy 6.5.98.

2. In October last the Supdg of stationery stated that he had received indents from the Executive Engineers, Cuddapah & Kistna Western Divisions, for the supply & repair of certain rubber stamps, & as the supply of these stamps was not authorised by the G.O. quoted above, he suggested that the sanction of Govt be

[P. W. 4.
1,000—18-7-99.]

e obtained for the supply
f any stamps other than those
lready authorised to be
upplied which may be con=
idered to be necessary. This
letter was communicated to
fficers of the P.W.D. in Memo
No 5095 C dt 17.11.98, & they were
equested to state whether they
equired any rubber stamps
f a different description to
those indented for with reference
to Govt. No 750 Fincl dt 1.10.95. The
papers read above are the
replies to the reference made.
3. The statement submitted
shows the stamps which the
fficers of the dept. have applied
for. Those already authorised
by Govt. No. 750 Fincl dt 1.10.95 have been
omitted from the statement.
The stamps have been entered
in two lists - A, General, containing
those stamps which can be
used by all P.W.D. officers, & B,
Special, including those which
are required for particular
offices.

4

4. In list A the stamps
numbered 1, 2, 3, 4 & 5 are
already in use, & sanction is
only required for their repair or
renewal. The supply of these
stamps to all Circle, & divisional
& sub divisional offices, when
required, is recommended.
Nos 6, 7, 8 & 9 are required
only in the Kistna Eastern division.
The Supdg. Engineer states that
the number of impressions likely
to be made monthly with these
stamps is as follows:-

No 6 —— 150
" 7 —— 150
& Nos 8 & 9 —— 300

These stamps are used for
in connection with the disposal
of water applications, & the
Supdg. Engineer states that these
stamps are more urgently
necessary than any other stamps.
Under these circumstances
the supply of these stamps
to the Kistna Eastern division
alone

clone may be sanctioned.

5. In List B, it is sub-
-mitted that stamp No. 1
'Kistna Eastern Division' be dis-
-allowed. It is stated that
600 impressions are likely to
be made with it monthly, but
if a stamp of this description is
to allowed, every other division
can equally claim to have a
similar stamp. The Kistna Eastern
division is the only division for
which a stamp of this descrip-
-tion has been applied for.

& this is opposed to
Go. No. 750 Fincl dy 1.10.55

Nos 2 & 3 may be sanctioned
for both the Kistna Eastern &
Western Divisions. They are
stated to be required in
connection with water applications.
The impressions likely to be
made with No 2 monthly in
the Kistna Eastern & Western
divisions are stated to be
3000 & 1050 respectively.

Nos 4 & 5 will be un-
-necessary if Nos 2 & 3 are
supplied

supplied.

As regards No. 6, this
stamp is applied for for the
Kistna Western division office &
for the sub divisional offices in
it. The impressions per month
are only 30, & the stamp
may be disallowed.

yes-

No 7 - the number of im-
-pressions per diem is stated
to be 10. This is not enough
to warrant the supply of a
stamp & it may be disallowed.

No. 8 - Date stamp - is
recommended for supply to
all P.W. offices including sub-
-divisional offices. It is already
in use in several divisions.

Item 11 is required for
the Tanjore division, & is stated
to be required for cancelling
in the measurement-books bills
paid. The numbr of im-
-pressions is said to be about
38 a day. But if the stamps
numbered

numbered 3 to 4 in list A are sanctioned, this stamp appears to be unnecessary & may be disallowed.

Item 12 is now reported to be not required.

Items 14 to 26 are used in the Examiner's office. The Examiner considers that Nos 14, 16, 17 are highly convenient & would not will be dispensed with. The remainder are in his opinion absolutely necessary. These stamps are already in use & the continuance of their supply may be authorised.

Nos 27 to 30 relate to the office of the Examiner, Railway Accounts, & as they are reported to be absolutely necessary, they may be sanctioned.

G.O. No. 750 Fincl., dt. 1.10.95, directed the supply of certain stamps to head offices of the P.W.D., and a general indent for these stamps was forwarded accordingly to the Stationery Office by Memo No. 2170 G, dt. 6.5.96.

2. In October last, the Supdt. of Stationery stated that he had received indents from the Ex: Engineers, Cuddapah & Kistna Western Divisions, for the supply and repair of certain rubber stamps, & as the supply of these stamps was not sanctioned by the G.O. quoted above, he suggested that the sanction of Govt: be obtained for the supply of any stamps other than those already

authorised to be supplied, which may be considered to be necessary. This letter was communicated to officers of the P.W.D. in Memo No 5099C dt 17.11.98, & they were requested to state whether they required any rubber stamps of a different description to those indented for with reference to G.O. No 750 Fincl dt 1.10.98. The papers read above are the replies to the reference made.

3. The statement submitted shows the stamps which the officers of the P.W.D. have applied for. Those already authorised by G.O. No 750 Fincl dt 1.10.98 have been omitted from the statement. The list marked A General contains the stamps which can be used by all P.W.D. Mofussil and audit offices. It will be seen from the remarks in the last column that many of these stamps are already in use, & that sanction is now only required for their repair al. It is proposed

to authorise the supply of all these stamps.

4. The list marked B Special shows the stamps required for particular offices. Of these stamps items 2 & 3 may be rejected as unnecessary if items 4 & 5 are supplied. No less than 12 of the stamps appearing in this list are required by the Examiner, P.W. Accounts, as all these stamps are stated to be necessary & will no doubt facilitate the despatch of business, it is submitted that their supply may be sanctioned.

Bezwada, 1—9— 1899.

No. 4137

From

Major. W. M Ellis R.E.

Superintending Engineer,

II Circle,

To

The Chief Engineer

Public Works Department.

Sir,

Enclosures 2

Your memo. No. 2729 C
15-6-99.

The information required is now given.

The number of impressions are noted as monthly not daily: the use being in many cases concentrated into a few days of a month

The water application stamps are only used for 3 or 4 months in the year: but during these months are most necessary of all the stamps.

I have the honour to be

Sir

Your most obedient Servant.

Major. R.E.

Superintending Engineer

SIR,

Enclosures.

With reference to your No. 5099 C. dated 17 November 1898, I have the honour to state that with the exception of the Executive Engineer, Tanjore Division, whose requisitions for special rubber-stamps were sent with this office No 178 W. dated 17 March 1899 and No 423 W. dated 27 July 1899, none of the other Executive Engineers in this Circle want any special rubber stamps.

I have the honour to be,
Sir,
your Most obedt. Servant

Copy of letter from W. H. O'Connell Esquire Executive Engineer, Tanjore Division, to the Superintending Engineer, 5th Circle, No. 3633 dated 10th July 1899:—

With reference to your No 2627 J. dated 23rd June 1899 and in continuation of my letter No. 1889 dated 15 April 1899, I have the honour to refer you to para 5 of the Examiner's Inspection Report printed with G.O. No 952 W. dated 11 April 1893 wherein the use of Rubber stamps for cancelling in the measurement book bills paid was advocated and its adoption was not disapproved by Government. A copy of the para is attached for ready reference. Before adopting this stamp the number of impressions likely to be made each day was ascertained. This test was made in 1894, and it was found then that about 38 a day or 1140 a month would be made. This figure has not in any way decreased. The measurement books were recently examined by the Examiner P.W. accounts Madras, at the time of his last audit, and he approved of the use of these stamps. I request this stamp may be supplied as it is exceedingly useful.

2. The stamp as per margin is not required

OFFICE NOTE.

From E W

To C

No. 2100 B/4 dated 27th June 1899.

To

E.W.

Items I4 to 26 only are used in this office. Nos. I4, I6 and I7 are highly convenient and could not well be dispensed with. The remainder are in my opinion absolutely necessary.

Items 27 to 30 relate to C.R's office.

Please see the accompanying statement and favour me with your opinion as to which you consider the stamps numbered 14 to 30 in list B absolutely necessary.
