From W. C. DeMORGAN, Esq., M.I.C.E., Superintending Engineer, I Circle, to the Chief Engineer, Public Works Department, dated Camp Narsapur, 21st September 1899, No. 1189 V.Z.

Referring to G.O., No. 1775 W. of 11th July 1899, I have the honour to forward, herewith, a revised list of allotments for works proposed to be carried out in the Kasimkota estate during 1899–1900, in supersession of the budget list sanctioned in G.O., No. 1169 W. of 2nd May 1899. A copy of the present list has been furnished to the Collector, Vizagapatam, who has already paid into the treasury to the credit of this department Rs. 8,000 in addition to the amount sanctioned in the budget. The payment of the balance, viz., Rs. 10,450, to make up the total of Rs. 20,000 as per the present list *plus* percentage charges on account of establishment (Rs. 4,600) is awaited.

2. As all the estate works are now treated as contribution works, I have the honour to request that the sanction of Government be obtained to the execution of the works as per revised list under Code, Volume I, Chapter IX, paragraph 79.

Office-note to the Examiner, Public Works Accounts, Madras, dated 10th October 1899, No. 4069 C.

Please say whether the general sanction accorded in the following Government Orders to the execution of estate works by the Public Works Department is not adequate and whether specific sanction is required in each case :—

G.O., No. 1067 W., dated 28th April 1884.
,, ,, 1523 W., ,, 18th June ,,

Office-note from the Examiner, Public Works Accounts, Madras, dated 16th October 1899, No. 1201 A/A.

[Your office-note, No. 4069 C., dated 10th October 1899.]

As the annual budget programme of estate works to be carried out by the Public Works Department has to be approved by Government, no specific sanction under the rules for contribution works seems necessary in the case of works included in that programme ; but if it is found necessary or desirable in the course of a year to carry out works that have not been approved in the budget, the specific sanction of Government to the execution of such works seems necessary.

Order—No. 2933 W., dated 6th November 1899.

The Examiner's office-note read above is communicated to Superintending Engineers for information and guidance.

2. Of the works brought forward by the Superintending Engineer, I Circle, in the statement submitted with his letter No. 1189 V.Z., dated 21st September 1899, items 1, 2 and 5 have been included in the budget estimate approved in G.O., No. 1169 W., dated 2nd May 1899. The execution by the Public Works Department of the remaining items is now sanctioned.
