

P.W.
~~Marine~~ (1899) Department.

G.O., No. ²⁰2760 ~~Marine~~

DATED 8 Nov 1899.

[Despatch Abstract.]

Sub-jail at Pollachi, Coimbatore St.

stating that the demand ^{of Rs 1500/} made by
the S.F. IV Circle for additions &
improvements to the ——— cannot be
complied with, as no funds are available
at present.

NOTES.

Reference to P. W. D. Code.

Vol. II, Chapter IV, para. 155 (h).

1. This form should be used by the Executive Engineer in any of the following cases:—

- When he requires a grant, or an addition to an existing grant, for carrying on a sanctioned major work.
- When he is unable to utilize the grant at his disposal for any work, and wishes to resign it either wholly or in part.
- When he wishes to utilize the grant for one work upon some other.

2. Either of the columns for "Proposed new grant" or for "Proposed reduction," or both, may be used as required.

3. If it happens that the grant already allowed has been reduced, the entry in the column "Existing grant for current year" would of course be the amount less such reduction.

4. In the case of Irrigation works, the entries in the column "Departmental and service head" should show distinctly whether the proposed re-appropriation is debitable to Capital or Revenue, and the entries in the column "Works" should be so arranged as to show the project to the Capital or Revenue account of which the charge is debitable, and the class of service to which the charge is debitable, thus:—

PROJECT.

(1).—HEAD WORKS—

(B). Land

(A). Buildings

In cases of Productive public works, the fact of their being so should be noted against the entries.

5. It being of the utmost importance that early intimation of possible lapses, or of excesses, in outlay on works should be communicated to the Government, a close watch should be maintained on the progress of all works by Executive Officers, and this form employed the moment the facts are sufficiently known.

6. Applications for re-appropriations which require the sanction of the Government of India should be submitted by the local Government in duplicate; applications by Executive Engineers should be submitted through the Superintending Engineers of their Circles.

Marmar PROVINCE.
