G.O., No. 2987 W., 13th November 1899.

Holy Trinity Church at Bellary

Approving and returning to the Superintending Engineer, III Circle, for sanction and very early execution, the estimates, aggregating Rs. 4,370, for certain works connected with the —.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

Read—the following papers:—

From the Venerable W. WESTON ELWES, M.A., Archdeacon of Madras, to the Chief Secretary to Government, dated Coonoor, 14th August 1899, No. 5267.

(1) Removing the existing terraced roof and providing a Mangalore-tiled roof for Trinity Church, Bellary ..	rs. 2,830
(2) Removing and re-building the terraced roof of the portico of Trinity Church, Bellary ..	1,540

I have the honour to forward, for the consideration and orders of Government, two estimates as per margin, for improvements to Holy Trinity Church, Bellary.

2. The Superintending Engineer, III Circle, writes as follows:—

The report accompanying the estimates explains the necessity for the work.

If both estimates cannot be sanctioned, No. 2 should be dispensed with, and in this case the pillars of the portico will have to be pulled down, as they cannot be left standing by themselves.

No. 1 estimate is for work that is absolutely necessary, unless the church is to be given up, for it is certain that before long other beams in the roof will fail. As it is, the appearance of the inside of the church is quite spoiled by the long props that are required to support the beams that have broken.

3. The following enclosures are forwarded:—

- One report.
- One calculation sheet.
- One detailed estimate—three sheets.
- One abstract estimate—two sheets for Rs. 2,830.
- One estimate form detailed measurements—two sheets.
- One abstract form—two sheets for Rs. 1,540.
- Two tracings.

Endorsement No. 2189, Ecclesiastical.

Transferred to the Public Works Department.
