To

The JOINT SECRETARY to the GOVERNMENT of INDIA,
Public Works Department.

Sir,

In continuation of my letter No. 2327 W., dated 7th September 1898, I am directed to forward a memorial (with duplicate) addressed to the Secretary of State for India by Mr. Paul, Executive Engineer, 1st grade, in which that officer prays for an early and favourable reply to his first memorial, which accompanied my letter quoted above, and requests that the duplicate copy of his present memorial be transmitted direct to the Secretary of State. As the memorial rules are silent on this latter point, I am directed to forward the duplicate also to the Government of India for such action as it thinks proper.

2. As regards Mr. Paul's former request, I am instructed to say that His Excellency in Council is desirous of pointing out the importance of an early disposal of the recommendations of this Government contained in my letters, Nos. 1872 W., dated 25th July 1898, and 2327 W., dated 7th September 1898, to offer special terms of retirement to certain Executive Engineers, 1st grade, of the Madras Public Works Department, with a view to remove the great block that now exists in promotion to Superintending Engineer.

3. A reference to the second paragraph of Mr. Paul's memorial, herewith forwarded, will show that the concession of the grant of Rs. 1,000, added to the pension of Rs. 4,000 he has already earned, amounts, at the present time, only to an addition of 2½ years to his service for pension, and it is obvious that unless the concession can be given within a comparatively short time, the special retirement terms now asked for will have no chance of general acceptance, and will fail, as those of 1893 did, to remove the block in promotion which this Government so much deplores.

I have the honour to be,
Sir,
Your most obedient servant,

By that date Mr. Paul and other Memorialists will have qualified for the small concession they now ask for, viz. Rs 5000 pension. It will therefore, if delayed, be "virtually no concession whatever", and will probably be refused by them, as they will then be acting as S.E.s or near that rank. They will consequently stop on, & the block in promotion to the rank of Supg. Engr. will not be removed, but simply shifted slightly lower down.
