REMARKS.

The Estimate was called for in G.O 2569 W of 4 Sep/96. Provides for Constructing a Dist. Munsiffs Court House as per Standard design Circulated with G.O 748 W of 15.3.97 - One Peons' Shed and one Latrine as per Standards Circulated with G.O 1014 of 20.4.74 or 1409 W of 28-5-89.

2. Site - The site selected is Govt. property and its Cost Rs 713. A Sum of Rs 20 is allowed for demarcating this land.

3. Roofing - It is suggested that flat tiles be substituted for ceiling planks under the Mangalore tiles being Embedded in mortar. This roof would be cheaper. The Scantlings of roof timbers are ample for the climate.

4. The roof of the Record room provided is not made fire-proof. Terrace flat arches being objectionable for the climate & insulators, iron or zinc sheets ceiling might be provided for this room.

5. Record racks are not provided - the revised design being awaited.

Thus would be better
The cost of White cedar in West Coast. is small. Please

* as it is
I dont see why they should not be made perfectly water tight of a good slope and plenty of waterway in gutters are provided If they are not provided this would be a good opportunity of fixing tiles instead of corrugated iron
