The estimate, amounting to Rs. 3,175, for improvements to the —, sanctioned for execution when funds are available.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads,
Civil Works.

Read—the following paper:—

Reference of the Board of Revenue (Land Revenue), dated 8th August 1899,
B. No. 402.

Read—the following papers:—

G.O., No. 991 R., Revenue, dated 19th July 1899.

From the Collector of Salem, dated 29th July 1899, Dis. No. 2021.

Reference—B. No. 402, dated 8th August 1899.

With his letter No. 116, dated 16th January 1899, the Collector of Salem submitted, for sanction, a plan and estimate for Rs. 4,400 for effecting certain improvements to the Deputy Collector's office at Námakkal. Thereupon he was requested to report whether it would not be better to build a new office for the Deputy Collector than to improve the existing one at such considerable cost. On receipt of a reply from the Collector, the Board in its Proceedings, Mis. No. 2028, dated 29th June 1899, considered that it would be advisable to retain the present cutcherry after carrying out such improvements as are absolutely necessary and that this could be done for less than Rs. 4,400. The Collector now submits a revised plan and estimate for Rs. 3,350. The Board recommends that they may be approved and transferred to the Public Works Department for sanction.

(Signed) L. D. SWAMIKANNU PILLAI,
for Acting Secretary.

Endt. No. 1148, Revenue.

Transferred to the Public Works Department with reference to its memo.
No. 3093 C., dated 10th July 1899.

(By order.)

OOTACAMUND,
22nd August 1899.

(Signed) N. E. MARJORIBANKS,
Ag. Under Secy. to Government.

Note by the Chief Engineer, Public Works Department.

The estimate for improvements to the Deputy Collector's cutcherry at Námakkal, Salem district, is recommended for sanction with the following remarks:—

(a) The roof of the record-room provided is not fire-proof. It should be made so by building the roof with Jack arches resting on rolled steel girders of section 10" × 5" weighing 29 lb. per foot.

(b) The record-room should be built as shown on the tracing slip attached to the plan. The room marked A should be retained instead of room B and the original additions shown in gamboge abandoned.

The estimate has been altered in this office with reference to the above remarks and the amount reduced from Rs. 3,350 to Rs. 3,175.

30th October 1899.

(Signed) W. B. DEWINTON,
Chief Engineer.

ORDER—No. 3023 W., dated 18th November 1899.

The estimate amounting to Rs. 3,175, as revised by the Chief Engineer, for improvements to the Deputy Collector's office at Námakkal in the Salem district, is sanctioned for execution when funds are available.

2. Attention is drawn to the Chief Engineer's note read above.

3. This sanction has been registered as Provincial No. 87 W. of 1899–1900, and classified as Civil Buildings—Original Works.

The Estimate for Improve-
ments to the Dock: Collection
Cut-cherry at Namkat,
Salum Dist. is recommended
- des for sanction with the
following remarks.

- (a) The roof of the new
room provided is not
fireproof. It should be
made so by building the
roof with gable arches resting
on roller steel girders of sec.
-tion 10"x5" weighing 29 lbs
per foot.
- (b) The new room should be
built as shown on the tracing
slip attached to the plan. The
room marked it should be
retained instead of room B as
the ^{original} addition shown in plan
also done.

The estimate has been
altered in this slip with
reference to the above re-
marks and the amount
reduced from Rs. 3350 to
Rs. 3175.

Current No. 7059

Endorsed:

Letter No. 1148

Dated 28. Aug. 1899

From the Revenue Dept.

NOTE BY TECHNICAL SECTION.

Name of work Improvements to the

Dep. Collector's Catchery at
Kamathal. (Salem Dist.).

Est. Rs. 3350.

The Collector Salem first submitted an Estimate for Rs. 4400 for certain improvements to the Dep. Collector's Office at Kamathal. He was then requested by the Board to re-consider whether it would not be better to have a new building instead of improving the existing one at such a large cost. On receipt of the Collector's reply the Board in its Proceedings No. 2028 of 29.6.99 considered that it would be advisable to carry out certain suggested improvements to the existing Catchery at a reduced cost, hence this revised Estimate for Rs. 3350.

- The improvements now proposed are
1. Constructing a Verandah in rear of the Court building, similar to that existing on the other three sides.
 2. The pitch of the existing roof is too steep - it is proposed to reduce it to $\frac{1}{3}$ of the span throughout the building. Existing palm-leaf rafters are said to be in fair condition - vertical rafters will be substituted.

To W. for order
H. 19/9

3. A new record room is provided at the back of the office room and a veranda thrown out in front of it. This record room will not be fireproof as its roof will be a continuation of the tiled roof of the old building. As all record rooms have been ordered by G.O 3163 of 9-12-98 to be fireproof, it is suggested in this note that the record room be built as shown on the tracing slip attached & prepared in this office. The roof will consist of joists and rafters against which steel girders. If this suggestion is approved the room marked A on original plan can be retained instead of room B - and the new addition is suggested that the proposals shown in paragraph be abandoned. As it will be necessary that as sent up by SE be the walls of the main building be raised to at least 14' - 16' as before a clear height of 12' for the walls of the record room. If the suggestion made is not approved then the original arrangement can be sanctioned.

Constructive details:

Surface soil - Earth.
Subsoil - Hard sandstone gravel at 1' 9" depth and hard rock below.

Foundations - 3ft deep. 2' of concrete in line with walls and 1 foot thick in corners.

Basement - 2' high. 1' thick in walls. 1 1/2' thick in corners. 2 cuts plaster. Lime mortar. White washed, inside & outside.

Floor - 8" square tiles on a concrete base with concrete.

Roofing - flat and frame tiles using a proportion of old tiles - over lead gutters.

D - Kambars Venter's work.

W. This is an old and not very important building. It is suggested that the proposals be sent up by SE be allowed to stand.

Hel
19/9

The cost of the proposed in para 3 should be enclosed with the proposed list of details.

W.H.S.

20.8

Cost comparison - if proposal made in para 3 be adopted the cost will be 200 Rs. less than the proposal sent at details are furnished if approved.

D.W. details enclosed in letter for Amul 6/10/99 H.L.

Windows - Sash removed - iron barred.

Rates - fair.

The plan estimates have been considered by the Collector and approved in the Rev. Dept.
