Report to accompany the Estimate for
Wages for a watcher for Jocanada Rest House

1 Amount of Estimate Rupees 25-0-0.

2 The Estimate provides for wages for
a watcher to look after the recently built
Rest House at Jocanada, for 5 months from
1st November/99 to 31st March/1900.

A watcher is very necessary both to guard
the Bungalow & out-houses when unoccupied
and to prevent goats & cattle from injuring
the fence as they now do.
The services of a lock tascar cannot be
spared.

I fully agree. I have occupied the
Bungalow several times, and find that
it is continually trespassed on. It is a
very good, and carefully constructed
building, but as it is distant on the
main road, it will not only be
invaded by cattle & goats, but fixtures
such as hammock ropes, chairs &c
it will be stolen. The fences broken
down, & grounds become a place for
nuisances, if there is no responsible
party in charge. W. H. Morgan
