	Total, Works and Repairs ...	36,000
	Establishment and tools and plant	9,000
	Total ...	45,000

ORDER—No. 305 W., dated 1st February 1899.

In the letter read above, the Government of India has assigned a provisional grant of Rs. 45,000 for expenditure on Imperial Civil Works in Madras during the year 1899–1900 and the budget estimate has been prepared for this amount.

2. The distribution of the allotments for the meteorological works at Kodaikánal, as shown in the statement which accompanied the Government of India resolution, has been adopted in the budget. These allotments will, if necessary, be redistributed in the final budget with reference to the state of the works at that time.

3. The Superintending Engineer, IV Circle, has proposed the following major works for execution during 1899–1900, but as they have not been brought forward by the Directors-General concerned, they have been excluded from the budget:—

(*a*) Post and Telegraph office at Calicut.
(*b*) Post office and Postmaster's quarters at Meppady.

4. The control of grants for minor works under Postal and Telegraph being vested in the Directors-General of Post Offices and Telegraphs, respectively, Superintending Engineers and the Consulting Architect will apply direct to those officers for funds required for incomplete and new works under the heads in question.

5. Part II of the budget contains the distribution by divisions of the grants for Postal, Telegraph and Salt repairs. Expenditure should be restricted to the amounts allotted, and care should be taken to see that all repair estimates provide only for what is absolutely necessary.

6. The allotments applied for by the Superintending Engineer, Military Works, Madras Command, for repairs to the Postal and Telegraph buildings at Bangalore have been included in the budget and will be placed at his disposal on receipt of the orders of the Government of India on the preliminary budget estimate.

7. The difference between the budget and revised estimate of charges for 1898–99 is due to the following causes:—

(*a*) Allotments for minor works sanctioned by the Directors-General of Post Offices and Telegraphs.
(*b*) Transfer of a sum of Rs. 385 to the Military Works Department for repairs to the Postal and Telegraph buildings at Bangalore.
(*c*) Surrender to the Government of India of a sum of Rs. 14,940 from the grants for the observatory buildings at Kodaikánal.

8. With the above remarks, the preliminary issue of the Imperial Civil Works budget estimate for 1899–1900 will be printed and circulated to the officers concerned for information and guidance and four copies will be forwarded to the Government of India, Public Works Department.

February 1899

Circulated to His Excellency the Governor
No: 305 W dj 1.2.99

In the letter read above, the Government of India has assigned a provisional grant of Rs 45,000 for expenditure on Imperial Civil Works in Madras during the year 1899-1900 and the budget estimate has been prepared for this amount.

2. The distribution of the allotments for the Meteorological works

4 D

29.1.99

B/

[P. W. 40
1,000—28-11-98.]

works at Kodaikanal, as shown in the statement which accompanied the Government of India resolution has been adopted in the budget. These allotments will, if necessary, be redistributed in the final budget with reference to the state of the works at that time.

3. The Superintending Engineer, IV Circle, has proposed the following major works for execution during 1899-1900, but as they have not been brought forward by the Directors General concerned, they have been excluded from the budget.

(a) Post and Telegraph office at Calicut.

(b) Post office and Post-Master's quarters at Meppady.

4. The control of grants for minor works under Postal and Telegraph being vested in the Directors General of Post offices and Telegraphs respectively, Superintending Engineers

Engineers and the Consulting Architect will apply direct to those officers for funds required for incomplete and new works under the heads in question.

5. Part II of the budget contains the distribution by Divisions of the grants for Postal, Telegraph and Salt repairs. Expenditure should be restricted to the amounts allotted, and care should be taken to see that all repair estimates provide only for what is absolutely necessary.

6. The allotments applied for by the Superintending Engineer, Military Works, Madras Command, for repairs to the Postal and Telegraph buildings at Bangalore have been included in the budget and will be placed at his disposal on receipt of the orders of the Government of India on the preliminary budget estimate.

7.

The difference between the budget and revised estimate of charges for 1898-99 is due to the following causes.

(a) Allotments for Minor Works sanctioned by the Director General of Post offices and Telegraphs.

(b) Transfer of a sum of Rs 385 to the Military Works department for repairs to the Postal and Telegraph buildings at Bangalore.

(c) Surrender to the Government of India of a sum of Rs 14,940 from the grants for the observatory buildings at Kodaikanal.

8. With the above remarks, the preliminary issue of the Imperial Civil Works budget estimate for 1899-1900 will be printed and circulated to the officers concerned for information and guidance, and four copies will be forwarded to the Government of India, Public Works Department.
