Civil Works.

READ—the following paper:—

Proceedings of the Court of Wards, Mis. No. 1133, dated 17th August 1899.

Resolution—Mis. No. 1133, dated 17th August 1899.

With reference to G.O., No. 2589 W.,* dated 8th October last, the Court observes that the progress reports of estate irrigation works entrusted to the Public Works Department in the Vizagapatam division for the quarters ending 31st December 1898 and 31st March 1899 were not received in its office until the 22nd July, i.e., many months after the period to which they related. If Government has fixed no date within which such returns should be submitted, the Court ventures to suggest it should be laid down that they should reach the Government Office within one month after the expiry of each quarter, as otherwise their submission is of little value as a check on the progress of work. The Court may add that progress reports of works which are in the charge of estate managers are due in its office fifteen days after the close of each quarter.
