Note. The services of Mr. P. Hawkins, Asst. Engineer, 2nd Grade, were by G.O. No. 3297 W dated 26th

[P. W. 4.
1,000-18-7-99.]

H. H. 20/11/99 R 23/11/99

26th Novr. 1897, placed at the disposal of H. H. the Nizam's Guaranteed State Railway Co. for a period of two years for employment on the Hyderabad Godavari Valley Railway. This period will expire on the 9th Decr. next.

The Railway Company made an application in August last for the retention of Mr. Hawkins' service until the Godavari bridge on which he is employed is completed. It was stated that this work would be finished in June or July 1900.

The application was refused in G.O. No. 2330 W dated 5th Sept. 1899 as the staff of Asst. Engineers in this Dept. was below requirements.

The Engineer in Chief of the Railway now points out that it would be a pity not to allow Mr. Hawkins to gain the experience that he would get if he were permitted to remain to see the

the masonry of the Godavari bridge completed & the girders erected. The Engr. in Chief states that 2 months or till the middle of February would be sufficient; & hopes that Mr. Hawkins will be allowed to remain till then.

Mr. Hawkins is even prepared to take privilege leave from the date that his period of service with the Railway Company expires, & to continue on the work, but this would be rather ^{hard} on him.

It is proposed to allow him to continue with the Railway Company till 14th Feby 1900.

10. 11. 98

Adverting to recent communication on the subject I have the honor to request that you will be so good as to request the Engineer-in-Chief to ascertain whether Government will grant me Privilege Leave which is due to me from the date of the termination of my sanctioned service with this Railway before rejoining the Government service and whether Government will allow me to remain on this work during the period of that leave.

Hyderabad Godavery V. Ry.
Secunderabad 12th Nov 1999

Dear de Winton.

Referring to the Govt of Madras orders declining to allow Hawkins to remain on deputation with this Railway after 9th December 1999, I send you a letter which has been sent on to me from Hawkins.

It seems a pity that he should not be allowed to gain the experience that he would if he were permitted to stay on to see his masonry completed and the girders erected. Two months or say to the middle of February would be sufficient and I hope you will see your way to allowing him to remain up to that time.

If you are not prepared to do this, will you agree to the proposal in his letter? It seems however a bit rough that he should only be allowed to get useful experience at the sacrifice of his leave.

Yours sincerely
