Dept. of Rev. and Agri.
*Commercial Exhibitions.*

SIR,

WITH reference to the instructions for the despatch of articles for the Paris Exhibition which were forwarded with Mr. Holderness' Circular No. 38, dated the 27th October 1899 / my letter No. 3666—68-13—4, dated 16th October 1899, I am directed to inform you that packages bearing the French (green) label will be admitted into France without customs examination, and the French Executive are naturally desirous that every precaution should be taken to prevent their improper use. I am accordingly to request that a list may be kept of all packages, to which the labels are attached, showing (1) marks or numbers on each package, (2) general statement of contents, and (3) number of green labels affixed. The particulars required under heads (1) and (2) will be obtainable from the "advice of despatch of cases." When all packages have been despatched, a copy of this list and the unused balance of the labels should be forwarded to the Government of India, Department of Revenue and Agriculture.

2. A copy of a letter, dated 20th October 1899, from the Secretary to the Indian Committee, is enclosed for information, from which you will observe that the certificate of admission number to be entered in the labels is 3,684, and that the Committee are endeavouring to arrange facilities for the transmission of packages to Paris *vid* London.

I have the honour to be,

SIR,

Your most obedient Servant,

E. MACONOCHIE,
*Under-Secretary to the Government of India.*

To

The Secretary to the Government of Madras.

The Chief Commissioner of Assam.
" " Coorg.
" "
The Resident at Hyderabad.
The Inspector General of Forests to the Government of India.
The Director, Geological Survey of India.
The Reporter on Economic Products to the Government of India.

Dated India Office, S. W., the 20th October 1899.

Demi-Official from—B. J. Rose, Esq., Secretary, Royal Commission, Indian Committee, Paris Exhibition, 1900,

To—The Secretary to the Government of India, Department of Revenue and Agriculture.

1. With reference to paragraph 6 of my letter of the 12th October, I am directed to inform you that M. Delaunay Belleville writes on the 16th October as follows :—

"In your letter dated 14th October, you state that, owing to their great distance away, Indian and Colonial exhibits destined for your Pavilions in the Trocadero cannot contain the numbers of the Certificate of Admission.

"You also ask me if all exhibits destined for these pavilions could not be admitted under one and the same number for each of these two pavilions.

"In reply, I beg to inform you that in this particular case, it will suffice if all packages destined for each of your pavilions in the Trocadero, are sent under one and the same number.

"The number in question will be the one referring to the Pavilion Building itself."

The Certificate of Admission number for all Indian exhibits will, therefore, be *No. 3684*, and this number should be filled in on all the special French labels sent to you last mail.

2. I enclose a copy of a letter from the Crown Agents for the Colonies, dated 18th October, regarding the transport of the Ceylon exhibits from London to Paris, and I am to state that the Indian and Ceylon Committee hope to make somewhat similar arrangements for Indian exhibits, so as to avoid the great delay which is likely to occur if goods are sent over the French Railways to Paris.

---

Dated the 18th October 1899.

From—Sir M. F. Ommanney,

To—B. J. Rose, Esq.

With reference to the conversation which we had a few days ago as to the arrangements for the transport of the Ceylon exhibits from London to Paris, I forward a copy of a letter from our Shipping Agents, dated 13th October 1899, from which it appears that there will be no difficulty in arranging for one of the lines running from London to Paris direct, to ship these goods under consignment to their agents in Paris, where they could be landed either at the Exhibition quay or at the Quai du Louvrem and carted from thence.

---

Dated St. Helens, E.C., the 13th October 1899.

From—Messrs. I. & A. B. Freeland,

To—The Crown Agents.

In reply to your letter of the 12th instant, we beg to inform you that Messrs. Burnett Bros. & Sons, of 14 Mincing Lane, load steamers in the Thames for Paris every 3 or 4 days, and will undertake to deliver goods at a through rate at the Exhibition Buildings, Paris. When they have sufficient cargo the boats proceed to the Exhibition quay, but in the ordinary way goods are landed at Port Nicholas Quai du Louvre and carted from there.

The exhibits would have to be delivered at one of the wharves on the Thames where goods for a particular steamer are being received.

We cannot inform you what the rate of freight, etc., will be until we know what quantity and description of goods are to be sent.

If the Ceylon Government were to consign the goods to you, we could arrange for the transit from the Colombo steamer to the Exhibition Buildings, Paris. Messrs. Burnett Bros. & Sons have an office at Port St. Nicholas, Quai du Louvre.
