...the number of these labels that will be required for the exhibits from India.

6. A detailed list of contents must be placed inside of every case or package.

7. As each consignment of packages is sent off one of the accompanying advice notes (C) should be immediately filled in and posted to the Secretary of the Indian Committee, Royal Commission, Paris Exhibition, 1900, India Office, London, in order that proper arrangements may be made for receiving and handling the consignment without loss of time.

8. Detailed invoices, giving all obtainable information regarding the specimens sent should be posted to the India Office as soon after the despatch of the cases as possible.

9. In addition to particulars concerning price, place of production, quantity obtainable, uses, etc., of specimens it is specially requested that all instructions may be inserted in the invoices, in all cases where it is wished either that the goods should be returned to India or delivered to some person, in Europe, after the close of the Exhibition.

10. If goods are for sale, the price asked should be inserted in the invoice, as well as clear and definite instructions, as to whether they are to be returned or sold to the best advantage in case the price asked is not obtainable. In default of any instructions it will be assumed that the exhibits may be disposed of as may seem best to the Indian Committee.

11. The practice of commencing a fresh series of invoice numbers for each class or group of exhibits tends to increase the difficulty of readily referring to the invoices for information concerning any particular specimen; it is, therefore, most desirable that only one series of consecutive numbers should be used for the specimens from each Presidency.

12. It is recommended that, except in the case of special small collections no attempt should be made to pack raw products in the tins or bottles in which it is proposed to exhibit them, supply of these labels (A) & (B) can be obtained on application to Govt. of India, Department of Revenue & Agriculture.

THE SECRETARY TO THE GOVERNMENT OF INDIA FOR RAILWAYS, CALCUTTA, LUCKNOW AND ASSAM.

Simla, the 16th June 1899.

SIR,

In forwarding, for information, copy of memorandum No. 1849-8-1, dated the 5th June 1899, from the Government of India in the Revenue and Agricultural Department, I am directed to request that, for the reasons therein given, the

administration (s) of railway (s) under the control of the Government of Madras may be moved

to grant reductions in rates, similar to those allowed on exhibits for the Calcutta International, the London and Colonial, the Glasgow and the Chicago exhibitions, and for the Imperial Institute for the carriage of articles (excluding gold, silver and other excepted articles) intended for the Paris Exhibition of 1900.

2. All cases containing goods for exhibition must bear special labels, which will be supplied to exhibitors in due course, in order that railways may be able to properly identify and file exhibits.

3. Exhibitors may transmit their goods through the official agents for the Indian Committee, Messrs. Henry S. King & Co., or any forwarding agent, or direct to the exhibition.

4. I am to add that instructions will be issued that on all state railways goods of the Government articles intended for the Paris Exhibition shall, when consigned to goods classified in the 1st class, be carried at a rate within the maximum and minimum specified.

- (1) Here state total number of packages.
- (2) Give name of Presidency or district, the honour to be,
- (3) Fill in date of despatch of the cases. Sir,
Your most obedient Servant
- (4) Here state details of route as on labels A.
- (5) These numbers must agree with those given in the detailed invoices.

Enclosure to the Government of India letter No. 573 R. T., dated the 16th June 1899.]

Office Memorandum No. 1849-8-1, dated Simla, the 5th June 1899.

From—The Government of India, Department of Revenue and Agriculture,

To—The Public Works Department, Simla.

The undersigned is directed to represent that a large number of exhibits will probably be sent to the Paris Exhibition of 1900 from various provinces to the ports, and to ask whether all such exhibits bearing the special labels prescribed for this class of goods can be allowed to pass over the state railways at the lowest rates, and whether other railways can be asked to agree to the same concession being granted over companies' lines. His Royal Highness the Prince of Wales has expressed a wish that the exhibition shall contain as complete a representation as possible of Indian products and manufactures; but as the funds available for the purpose are limited, it is important that any saving which can be effected in freight should be made. Similar concessions have been granted in the case of previous exhibitions in India and in Europe.

FROM

T. W. HOLDERNESS, Esq., C.S.I.,
Secretary to the Government of India,

To

ALL LOCAL GOVERNMENTS AND ADMINISTRATIONS.

Dept. of Rev. & Agri.
Commercial Exhibitions.

Simla, the 27th October 1899.

SIR,

IN continuation of Resolution No. 11—3-18, dated the 2nd March 1899, publishing the regulations and plans of the Paris Exhibition of 1900, I am directed to inform you that the Indian Committee of the Royal Commission have reported that they have some unoccupied space in the gallery of the Private Exhibitors' Court where they wish to place "Administrative Exhibits," such as special reports on the various branches of the administration, maps, photographs, models, and the like. Reports and maps the Committee will be able to obtain from the India Office, and their present application to the Government of India for help in the matter is really for models and photographs illustrative of Indian administration. The Government of India have decided to communicate this request to Local Governments and Heads of Imperial Administrative Departments, and I am to say that if any help in this matter can be given at no great expense or trouble it would greatly oblige the Committee. It is thought that Public Works, Jails, Educational, or other Administrative Departments may have photographs or small models which can conveniently be spared and would answer the purpose. Any such exhibits should be sent direct to Paris, so as to arrive there not later than the 1st January 1900. Full instructions as to the despatch of articles are given in the papers appended. //

2. Orders regarding the exemption from customs duty of all exhibits returned from the Paris Exhibition will be found in the Notification of the Finance and Commerce Department, No. 1771-S. R., dated 22nd April 1899, and orders regarding the reduction of freight on exhibits carried on Indian railways are given in the Public Works Department Circular No. 573-R. T., dated 16th June 1899, a copy of which is enclosed for ready reference.

With reference to
Mr's remarks (No 4), it
is submitted that Gov.
1898 Rev. of E. 11. 55 has
been communicated to
the Educational Dept. &
that dept. will without
doubt call through the
Director of Public Instruction
for models from the College
of Engineering. Major
Love may be asked D.O.
if this is not the case.

It would be irregular
for a P. Mr. Gov. to call for
models from the Principal
of the College as that
Officer is not under this
dept.
