Letter No. 651

Dated 30. X. 1899

From the Revenue Deptt.

NOTE BY TECHNICAL SECTION.

Name of work Strengthening and raising the right and left banks of the Surada river within the limits of the Kasmikola Estate.

Est: Rs: 7910

The Estimate for this work has been forwarded by the Rev. Deptt on the requisition of the office No. 1143 D of 13.9.99. It has been approved of in the Proceedings of the Com. of Works No. 145 of date 1-23.2.99.

2 The Estimate has been prepared in the P.W.D. and as detailed in the Report, provides for raising & strengthening the right and left banks of the Surada river - vide sections accompanying the Estimate. The banks will be raised to 3 ft. above M.W.L. - fall 0.47 in 1000. 6 ft top with max side slopes 2 to 1.

3 Apparently no turfing is provided for in the Estimate.

4 The rates are fair. The plans have not been countersigned by the Collector.

W. No cross sections of the river are given and no drainage area. So it is impossible to say whether the embankment will serve any useful purpose. The attempt to embank rivers without providing ample water way often gives rise to disastrous results and complications with riparian proprietors which are worse than the occasional submergences the banks are intended to prevent.

In sanctioning the execution of the work ^{by P.W.D.} we may say that it is presumed that the S.E. has satisfied himself as to the sufficiency of the water way allowed and that the new banks will not be liable to breach owing to the heading up of water between them. All 22/4/99

Sir,
All works in ^{the} estates
under the Court of Wards are
to be carried out by the P.W.D.
The rules observed in regard
to the estimates for Court works
are applicable to the estates
works also. In this particular
case however, the estimate is
for a repair work and can be
sanctioned by the S.E. We are
not responsible for its accuracy.

All that we have to do
in this case is to sanction the
execution of the work by
the P.W.D.

May 22/11/99

H.C. I still like to know
why we obtained this
estimate. I am officer
in any way responsible
for its accuracy or
suitability. Would
not pass such an estimate
without further inform-
ation. Apparent who has
to sanction it. All
