V. INSPECTION OF BUILDING

The progress made in the work of repairs is very unsatisfactory. Six months have elapsed since the commencement of the work and the second block is not yet repaired. The Official Visitors note with surprise that the Superintendent has been obliged to use the new female latrine at night as a single room for a violent female insane as the new single rooms ordered in G.O.No. 507 (Public) dated 5th May 1899 have not yet begun and there is no other place in which to confine the woman.

BACK PAPERS.

FURTHER PAPERS.

Letter from of T. Mackenzie Esq.
Executive Engineer, Vizagapatam and

to the Supg: Engineer, St. Circle, No 439.

In answer to your No 1364 of 4th 11 78
I venture to protest against the impos-
sible statements being made as to
delays by this Department. The blocks
are handed over one at a time and
no fresh block can be taken up till
the last one is handed back. A great
part of the work consists in very
careful cement plastering, which
has to be done slowly and allowed
to set hard. Otherwise the insures
would instantly pick it to pieces.
Each work being small, it has to
be done through small piece
workers, who work slowly, but in
any case, it is not possible to
put much labour on.

As regard the female misan-
ward, I first know of the order for
it in June. On 1st July, after con-
ference with the Superintendent
I sent him a sketch to seal for
approval, which he did not return.

file 173 August. The complete plan
and estimate, with site plan, were
then prepared, and signed by me
on 11th November. Considering the
current work of the draftsman's
branch, and that there were no funds
for the work, there was no undue
delay.

Funds
have
since
been
provided

Enclosures. 2

SIR,

In returning the accompanying
to your No. 4201.6, dated 25.10.99, I
have the honor to forward copy of
Executive Engineer, Vizagapatam No. 4201.6
14.11.99

2. I quite agree with what the
Executive Engineer writes. I do not
know who the official visitors may
be, but I do know the difficulty there
has been in getting work done at
the Lunatic Asylum.

3. I inspected the work last on
18th October, and found it in good
progress and of respectable quality.

4. I have received the plan for
the female insane ward, and the
estimate is now under check in my

... was prepared in accord
ance with the ideas of the late
Superintendent. Whether it will meet
the approval of Govt. or not, I
hesitate to say.

I have the honor to be
Sir

Yours most obedt. Servt.
