To,

The Chief Engineer
Public Works department

Sir,

I have the honor to forward in original correspondence regarding careless packing of glass sent from Public Works Workshops. Madras to Bezwada.

I think Mr Wilson has fairly shown that proper precautions were not taken in packing the glass. and I am of opinion that under the circumstances the debit advice for the broken glass should be accepted by the Superintendent of the Workshops.

2. I request that you will be good

good enough to decide the matter.

I have the honor to be
Sir,
your most obedient servant.
